Exam Info

Psychology Exam Date: May 19th, 11am PST

2 FRQs: 25 mins for Q1 (concept application), 15 mins for Q2 (research methods)

Eligible Units: 1-7

Writing FRQs

*Carefully read the prompt prior to answering. Answer the questions you are most comfortable with first, ~~to prioritize your time and maximize your score.~~

* The question may not be clear so make sure you interpret the question correctly

*Underline key words and phrases that specifically identify what the task is

*Prewrite key definitions, examples, and people to use in the answer

*Be specific, direct, and concise; to the point. ~~Avoid contradictions~~

Use SODAS:

- **Space It:** Leave enough space between each task for you to go back and add to it.
- **Order:** Answer the tasks in the same order as listen in the question
- **Define:** Briefly explain each concept using specific terminology that indicates an understanding of the topic. **VERY IMPORTANT.**
- **Apply:** Relate terms in the question to the scenario or connect the terms as directed in the question, paying attention to specific instructions. **VERY IMPORTANT.**
- **Synonyms:** Do not use the term in the definition or application

Sentence Frame:

- **Psychology Term** is **definition**. In this case/study/experiment, show how it applies
- **Ex: Attachment** is **an emotional tie with another person**. In **Harry and Margaret Harlow's experiment**, they bred monkeys which eventually sought out comfort more than food, which demonstrates that the effects of attachments are seen in other species as well. _____

Test Day Tips

- Have all of your notes **prepared and ready**, but don't spend too much time looking for information. It's better to **know the info** and use the time to demonstrate your knowledge.
- Keep an eye on the clock, and make sure you **leave enough time** to answer every question
- Check your work with any remaining time.
- Stay calm and **get in the zone**; you've prepped all year for this and the only thing you can do at this point is try your best.

Seeger, 2019-01-05

For 8th graders, freshmen, and sophomores, here's what to do now. For juniors and seniors, here are details about the tests, the applications, admissions factors, financial aid, essays, interviews, and college selection. Checklists are provided for each year of high school. A comprehensive checklist for the application for each college is provided. It is a reference book for these many details for when you need them. Use some chapters now and come back to other chapters later, even in a year or more. For 8th and 9th graders, get a great start on high school by seeing what to do your freshman and sophomore years so you're not behind in junior and senior years. Which colleges are realistic? Which are affordable? Do not count any of them out yet. Can you get a great degree without a huge debt? Sure, if you make the right choices. These topics are covered. How to get college-ready and admissions-ready. Benefits of community colleges and public colleges. Selective admissions factors and expectations. Activities, internships, and sports. Practice for standardized tests and subject tests. Application checklists and procedures. Financial aid and cost comparisons. Meeting admissions officials and essays and interviews. After knowing more, students and parents can better discuss and think about all these factors to decide if college is indeed the best option and what type of college is best. The book explains the basics and moves into detailed information that you may not need right away but probably will use later. It has handy reference pages containing checklists, testing rules, calendars, admissions statistics, college degree levels, and websites to use so you don't have to look everything up yourself. You don't have to remember everything now. You can go back to the book again and again when you need the information. For the maze of selective college applications, admissions, and choices, the Starter Guide explains the basics and then provides a detailed analysis of the situation, presents a detailed plan of action, and points you to some of the best sources for even more information to complete a serious run for the Ivies and the other top 50 to top 150 colleges. But the great options of public colleges aren't neglected as the benefits of community colleges, public honors colleges, tuition discounts in nearby states, affordable regional colleges, and flagship universities are explained. Finances and financial aid are covered with
