**A Unification of Science and Religion , The World and the Word: Making Sense of Social Science in an Age of Conflict, Opposition, and Grace** Dr. Herbert L. Green Jr., 2017-08-24 Jesus very presence as the New Testament age unfolded 1st century A D engendered opposition created conflict while ushering in grace His ideas were considered radical Why is this so The NIV Archeological Study Bible 2005 NIV Student Bible et al and corroborating Extra Biblical evidence provide a context for the Word view about Jesus in Biblical history and supports aspects of the social and physical sciences in terms of cultural socio economic political historical archeological and philosophical apologetics evidence As the pages of this book unfold there is an internal consistency with social science and The Bible However where such consistency appeared to diverge this author attempts to filter out the noise by applying critical thinking criteria to a Worldview that may not be consistent with the Word view The goal of this book therefore is to provide some exposition Greek apologia of the Word and see how the World fits Born again Christians can be credible scientists and not compromise Gods Word After thoughtful reading please send reflective comments to Dr Herb Green Jr at docgreen48 outlook com *Practicing Atheism* Hannah K. Scheidt, 2021 Although many individuals identify as atheists little is understood about the belief system beyond the simple lack of a belief in a higher power Hannah K Scheidt s *Practicing Atheism Culture Media and Ritual in the Contemporary Atheist Network* unpacks the

**Don't Tell Me** Mark Schwieso, 2022-08-19 Today we live in a complacent country where only certain answers are acceptable In this book the author dares to go against accepted wisdom considering questions such as Is the divorce rate really 50% and if it isn't what is it and why should we care Why is the media telling us COVID 19 is so bad Do we really know Charles Darwin's theory of evolution to be true Has the Bible been disproven and debunked Other topics include the Big Bang Theory biological differences between men and women politics and religion random mutations UFOs and global myths The author also explains that the best lies are 99% true liars practice their craft using the truth to mislead others Moreover he notes that no matter what you believe truth is still true For instance even if a person believes they can fly if they jump off a ten story building they will still die upon hitting the ground Join the author as he asks questions that the establishment would prefer you keep to yourself by reading Don't Tell Me

**The Military Guide to Disarming Deception** Col. David J. Giammona, Troy Anderson, 2022-08-09 Time Is Running Out Are You Battle Ready Military leaders throughout history have used the strategy of deception to win wars and Satan is a master strategist He and his forces have enveloped the world in an unprecedented age of mass media disinformation government psychological operations social media censorship and other sophisticated mind control techniques In this eye opening book military and religious expert Colonel David J Giammona and Pulitzer Prize nominated journalist Troy Anderson equip you to recognize and resist the propaganda and deceptive ideologies infiltrating the Church and society The last days are coming And if we don't know how to fight the enemy's pervasive lies we will be swept away by them Here are the powerful military and spiritual tactics you need to stand against the devil's rampant deceptions and be a light to a world in darkness This book will prepare you to recognize and counter deception not only in politics religion media and science but especially in yourself HUGH ROSS astrophysicist founder and president Reasons to Believe A life changing hard hitting and deeply insightful book It's the training manual for the coming revival and revolution of the Church DR ROBERT JEFFRESS pastor professor television host Pathway to Victory

**Nullifying God** H. Robert Wilson Ph.D., 2018-01-01 Evolution and Creation are in a spiritual battle Evolution scientists ignore dismiss and unequivocally reject Creation out of hand It is not science or fact as evolution is they say However Nullifying God shows that random Darwinian evolution does not have the direct evidence required to support the claim Not only that but it provides contrary evidence that evolution is biologically impossible Because that is the case evolution can only persist in the unchallengeable authority it needs to maintain its position by actively attempting to nullify its alternative Creation and therefore the Bible and God Nullifying God was especially written to empower and benefit believers who are not familiar with science to show them that evolution cannot be fact and is not science It does so by 1 providing them with a core foundation of applied science principles to rationally question evolution's claims then 2 guiding them into solid clear knowledge of why evolution is biologically impossible and finally 3 presenting them with examples that

document evolution's attempts to nullify God. The bottom line is Biblical Creation is the only answer that explains life.

**The Matriarchs of Genesis** David J. Zucker, Moshe Reiss, 2015-08-27 Sarah Hagar Rebekah Leah Rachel Bilhah Zilpah These are the Matriarchs of Genesis. A people's self-understanding is fashioned on their heroes and heroines. Sarah, Rebekah, Leah, and Rachel, the traditional four Matriarchs, are important and powerful people in the book of Genesis. Each woman plays her part in her generation. She interacts with and advises her husband, seeking to achieve both present and future successes for her family. These women act decisively at crucial points through their actions and words; their family dynamics change irrevocably. Unlike their husbands, we know little of their unspoken thoughts or actions. What the text in Genesis does share shows that these women are perceptive and judicious, often seeing the grand scheme with clarity. While their stories are told in Genesis in the post-biblical world of the Pseudepigrapha, their stories are retold in new ways. The rabbis also speak of these women, and contemporary scholars and feminists continue to explore the Matriarchs in Genesis and later literature. Using extensive quotations, we present these women through five lenses: the Bible, Early Extra-Biblical Literature, Rabbinic Literature, Contemporary Scholarship, and Feminist Thought. In addition, we consider Hagar, Abraham's second wife and the mother of Ishmael, as well as Bilhah and Zilpah, Jacob's third and fourth wives.

**The Anti-Bible** Ivan Green, 2024-09-29 The Anti-Bible is exactly what the name implies. It will take readers on a journey through all 66 books of the New International Version of the Holy Bible, exposing all the lies, exaggerations, contradictions, violence, hatred, absurdities, and immorality contained within. It will also show analyses of the Dead Sea Scrolls and Gnostic texts, pieces of original scriptures that were left out of modern publications. These will show even more contradictions and fairy tales proving that the entire collection is man-made and engineered to manipulate and control the uninformed. Primarily, this book will serve as a reference for atheists in debates with Christians about nearly every part of the Bible. Secondly, it could also become a steppingstone for Christians who may be questioning and/or doubting their faith and who need a bit of help getting over that final existential hump, as it were. There has been an extreme invasion of religion, mainly Christianity, in the U.S.A. into the lives of atheists. The prominence of religious ignorance in the American government specifically has forced violent and hateful dogma into laws, schools, doctor offices, and bedrooms. This book provides a creative and peaceful protest against those actions. Amen.

**The Divine Default** J. J. Dyken, 2013 J. J. Dyken takes commonly asserted religious claims and applies each of them to modern-day examples to demonstrate the often fallacious nature of religious belief. He uses a mixture of common sense and scrupulous logic to mount an attack on not only religion itself but also upon the religious pseudoscientists who try to justify their assertions with faulty science.
