Publishers' Weekly, 1894 **One America?** Stanley A. Renshon, 2001-07-31 With enormous numbers of new immigrants America is becoming dramatically more diverse racially culturally and ethnically As a result the United States faces questions that have profound consequences for its future What does it mean to be an American Is a new American identity developing At the same time the coherence of national culture has been challenged by the expansion of and attacks on individual and group rights and by political leaders who prefer to finesse rather than engage cultural controversies Many of the ideals on which the country was founded are under intense often angry debate and the historic tension between individuality and community has never been felt so keenly In *One America* distinguished contributors discuss the role of national leadership especially the presidency at a time when a fragmented and dysfunctional national identity has become a real possibility Holding political views that encompass the thoughtful left and right of center they address fundamental issues such as affirmative action presidential engagement in questions of race dual citizenship interracial relationships and English as the basic language This book is the first examination of the role of national political leaders in maintaining or dissipating America's national identity It will be vital reading for political scientists historians policymakers students and anyone concerned with the future of American politics and society *Harper's Weekly* John Bonner, George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1876 *Educational Weekly*, 1879 **Air University Library Index to Military Periodicals**, 1997 **The Publishers Weekly**, 1917 **Losing Control** Paul Rogers, 2021-07-20 Outstanding combines a glimpse behind the security screens with a sharp analysis of the real global insecurities growing inequality and unsustainability New Internationalist Written in the late 1990s *Losing Control* was years if not decades ahead of its time predicting the 9 11 attacks a seemingly endless war on terror and the relentless increase in revolts from the margins and bitter opposition to wealthy elites Now more than two decades later and in an era of pandemics climate breakdown and potential further military activity in the Middle East Asia and Africa Paul Rogers has revised and expanded the original analysis pointing to the 2030s and 40s as the decades that will see a showdown between a bitter environmentally wrecked and deeply insecure world and a possible world order rooted in justice and peace *The American Bookseller*, 1883 **The Bookseller, Newsdealer and Stationer**, 1898 *Agriculture Monograph*, 1953
