Nigro MD, 2013-01-31 SOUL OF THE EARTH by Samuel A Nigro MD SOUL OF THE EARTH by Samuel A Nigro MD is the accumulation of what was learned over 70 plus years of life over 45 years of marriage over 40 years as a psychiatrist 3 years in the U S Navy Submarine Service and as a first generation American with five children and ten grandchildren The planet and mankind are amazing To limit ourselves to behaviors as if there is nothing more is contradicted by an accurate comprehensive understanding of the planet and the universe Basically love is superior to all and the universe is the entropy necessary for the expression of love Love itself requires there to be more Nothing more is a cruel joke that life and love are meaningless All logic and reason demand there be more and we should act as if there is even much more love in anticipation And if there isnt then there ought to be Regardless the world would be better by believing in such and acting as such The book provides some articles but most of it is the way to live a transcendental life organized matter sanctified and given a soul by identity truth oneness good and beauty for everyones life liberty and pursuit of happiness partially the subtitle of the book You get substance and the transcendental principles for living that save by actuality for a change This is in contrast to the virtual reality culture of the unreliable manipulating self discrediting noisy glitzy press then a few pages or a chapter daily and problem solve as needed by index and perusal You will be better The world will be better You will learn to be a real human being for everyone And you will have your soul back by embracing the universal Mass mantra life sacrifice virtue love humanity peace freedom death

Family Matters: Catholic Theology of the Family Dave Armstrong, 2007-04-27 The present work mainly uses reason and Holy Scripture in order to explicate Catholic moral theology in the areas of sexuality gender and the family Far from being a merely moralistic or puritanical or Victorian sort of outlook often perceived by many as a set of unnecessary stifling negative rules Catholic moral theology is based on what God has revealed to us in His inspired Word the Bible and is a positive teaching about who man is and what fulfills him in accordance with God s purpose for His children made in His image It is my hope and prayer that this book will help Catholics to better understand the rationale behind their own Church s sometimes difficult to live out beliefs concerning personal and institutional morality and aid non Catholics in finding common ground with Catholic moral teaching and to better appreciate it even where they find themselves in disagreement

Grounded in the Gospel J. I. Packer, Gary A. Parrett, 2010-04-01 Historically the church s ministry of grounding new believers in the essentials of the faith has been known as catechesis systematic instruction in faith foundations including what we believe how we pray and worship and how we conduct our lives For most evangelicals today however this very idea is an alien concept Packer and Parrett concerned for the state of the church seek to inspire a much needed evangelical course correction This new book makes the case for a recovery of significant catechesis as a nonnegotiable practice of churches showing the practice to be complementary to and of no less value than Bible study expository preaching and other

formational ministries and urging evangelical churches to find room for this biblical ministry for the sake of their spiritual health and vitality
