Antifa Petit Manuel Antifasciste:

Petit manuel de contre-radicalisations Thomas Bouvatier, 2017-03-08T00:00:00+01:00 Aux sources de toute radicalité il n'y a pas une idéologie ou une foi. Il y a un désir de fusion du désir de l'individu de ne faire qu'un avec l'autre, les autres, le groupe. Ce désir absolu nous en connaissons bien les dangers avec le djihadisme. C'est pour saper son pouvoir d'attraction que Thomas Bouvatier en appelle à une éducation capable d'autonomiser les individus afin qu'ils ne cèdent pas aux sirènes de la propagande. Renvoyant dos à dos l'explication identitaire d'un côté et l'explication socio-économique de l'autre, il défend l'heure où la mondialisation semble menacer les particularismes, une nouvelle idéologie de la liberté de l'individu, plus juste et plus durable. Si dans ce combat latent, il est incontestablement son rôle de jouer, c'est nous, citoyens, de lutter contre toutes les formes de radicalité, commencer par celle qui est en chacun de nous.

Antifa Oskar Freysinger, Stéphane Hessel, 2011 L'arme fatale, vous la connaissez. Vous pensez tout de suite quelque chose de très, très violent. Eh bien non, l'arme fatale, ce n'est pas ça du tout. C'est exactement le contraire. L'arme fatale est un conglomérat d'indignation, de bons sentiments et de morale quatre sous. Avec ça, vous renversez sans coup férir une montagne de sagesse et de bon sens. Il n'y a pas de remède contre l'arme fatale. Son nom est antifa. Elle radicalise toute résistance, fait taire toute voix critique, neutralise toutes les consciences, décrédibilise toute réflexion. Voilà le nouvel évangile. Plutôt que de subir l'arme fatale sans rien faire, l'auteur de ce petit récit tente l'impensable, ose le blasphème suprême qui consiste à rire de ce nouveau dogme qui a remplacé la raison par la motion. En ridiculisant les zygomatics des lecteurs, ce texte contribuera peut-être à crispier le débat politique. Car si le rire, cet antidote puissant contre la connerie, est bien le dernier acte de résistance avant le désespoir, il est aussi l'attitude la plus libératrice de l'homme. Avec l'amour. Mais l'amour peut être pris en otage. Le rire, pas.

Ce journal rassemble ceux qui luttent contre le fascisme et en particulier contre le Front national.

Antifa Mark Bray, 2017-08-29 The National Bestseller Focused and persuasive Bray's book is many things: the first English language transnational history of antifa, a how-to-for-would-be-activists and a record of advice from anti-Fascist organizers past and present. THE NEW YORKER As long as there has been fascism, there has been anti-fascism, also known as antifa. Born out of resistance to Mussolini and Hitler, the antifa movement has suddenly burst into the headlines amidst opposition to the Trump administration and the alt-right. In a smart and gripping investigation, historian and activist Mark Bray provides a detailed survey of the full history of anti-fascism from its origins to the present day: the first transnational history of postwar anti-fascism in English. Today critics say shutting down political adversaries is anti-democratic; antifa adherents argue that the horrors of fascism must never be allowed the slightest chance to triumph again. Bray amply demonstrates that antifa simply aims to deny fascists the opportunity to promote their oppressive politics and to protect tolerant communities from acts of violence promulgated by fascists. Based on interviews with anti-fascists from

around the world Antifa details the tactics of the movement and the philosophy behind it offering insight into the growing but little understood resistance fighting back against fascism in all its guises Antifa Mark Bray,2017-10-02 So long as there has been fascism there has been anti fascism also known as oantifa o Born out of resistance to Mussolini and Hitler in Europe during the 1920s and 30s the antifa movement has suddenly burst into the headlines amid opposition to the Trump administration the rise of the alt right and the resurgence of white supremacist groups such as the Ku Klux Klan Now in a smart and gripping investigation historian and former Occupy Wall Street organizer Mark Bray provides a one of a kind look inside the movement including a detailed survey of antifa s history from its origins to the present day the first transnational history of postwar anti fascism in English Based on interviews with anti fascists from around the world Antifa details the tactics of the movement and the philosophy behind it offering insight into the growing but little understood resistance fighting back against the alt right Antifascism Paul Gottfried,2021-10-15 No doubt Gottfried s book will rank among the most scholarly and convincing responses to the delirium of the present l ments A conservative take on the antifascist movement Antifascism argues that current self described antifascists are not struggling against a reappearance of interwar fascism and that the Left that claims to be opposing fascism has little in common with any earlier Left except for some overlap with critical theorists of the Frankfurt School Paul Gottfried looks at antifascism from its roots in early twentieth century Europe to its American manifestation in the present The pivotal development for defining the present political spectrum he suggests has been the replacement of a recognizably Marxist Left by an intersectional one Political and ideological struggles have been configured around this new Left which has become a dominant force throughout the Western world Gottfried discusses the major changes undergone by antifascist ideology since the 1960s fascist and antifascist models of the state and assumptions about human nature nationalism versus globalism the antifascism of the American conservative establishment and Antifa in the United States Also included is an excursus on the theory of knowledge presented by Thomas Hobbes in Leviathan In Antifascism Gottfried concludes that promoting a fear of fascism today serves the interests of the powerful in particular those in positions of political journalistic and educational power who want to bully and isolate political opponents He points out the generous support given to the intersectional Left by multinational capitalists and examines the movement of the white working class in Europe including former members of Communist parties toward the populist Right suggesting this shows a political dynamic that is different from the older dialectic between Marxists and anti Marxists
