He offers it to you, the reader, as a possible starting point for your own personal search. *Owners Manual Homo Sapiens* is a step-by-step guide designed to help the serious traveler on the journey of life to identify his or her life goals, to create a plan for achieving them, and to begin putting those plans into effect. It is written in plain, every-day language and is broken down into bite-sized, easy-to-digest chapters. The book is divided into a number of segments. It begins with *The Basics*, which suggests an overall life goal of personal happiness and provides a review of the underlying principles of human development. Next comes three segments that help the reader to begin to find the answers to three important questions: Who am I, which uses a brief quiz game to identify the reader's personality type; What do I want, which uses a short fill-in-the-blanks worksheet to clarify values; and How can I get it, which provides a detailed blueprint to aid personal development. **Bolt Action Rifle Owner's Manual** Erik Lawrence, 2015-03-27 This manual provides the basic operator the specifics of handling a bolt action rifle safely.
