Commission In just 30 years their evangelistic method was bearing fruit and growing throughout the whole world Colossians 1:6 Did you know Jesus walked over 3 000 miles through neighborhoods throughout Palestine In Matthew 10 Jesus commanded his disciples to go into a neighborhood find a worthy person and stay at their home From there they went out and met the neighbors The disciples then showed love to those they met by meeting any physical needs Only then would they share Gods love story the gospel of Christ This was also Jesus personal strategy Today most evangelistic plans involve attracting the neighbors into the church Churches do this with events dynamic worship services and quality programs for every member of the family Many churches do this well but sadly the American church is in decline Less than 20% of Americans now regularly attend church In 1990 20.4% attended church In 2000 the percentage dropped to 18.7% By the year 2050 if the church doesnt change it is estimated church attendance will drop to 11.7% This can be reversed if we adopt the evangelistic strategy used by Jesus and the apostles This book gives you a detailed breakdown of the gospel the apostle Peter presented on the Day of Pentecost that ended with 3 000 baptisms in one day The book will also show you how Luke the author of Acts packaged the never changing gospel to ten different types of neighbors the hurting religious spiritualist seeker fanatic good person abuser skeptic misinformed and pleasure seeker This book and its training manual identify over one hundred questions about spiritual matters and help you have the answers your neighbors need to hear

A Sacred Argument Christopher M. Leighton, 2024-01-26 Our society is sharply divided along political racial and religious lines People of faith often feel debilitated in the face of these divisions understanding neither their nature nor how best to respond As these divisions become more intense the need to get at their roots becomes more urgent A Sacred Argument addresses this need equipping readers with practical and theoretical resources to engage problems that all too often break down trust shut down honest conversations and disrupt collaborative action This story aims to renew within each reader the sense of compassion and the deep yearning for understandings that can come from the encounter with those who see the world differently

Time and Place in Deuteronomy James Gordon McConville, J. G. Millar, 1995-01-01 The book is a literary and theological study of the themes of time and place which aims to set the so called centralization law of Deut 12:26 in the broad context of the book The authors show that time and place are pervasive themes of Deuteronomy a crucial part of its articulation of its understanding of history religion and ethics The heart of the thesis is that the foundational encounter between God and Israel at Horeb is paradigmatic for all subsequent encounters For this reason no one time or place can have final or absolute significance The thesis thus calls into question the received view that

the altar law of Deut 12 26 is a centralization law associated with Josiah s reform The refusal to identify the place is no mere device against anachronism but a consistent element in Deuteronomy s theology of history The Connection between Deuteronomy and Josiah s reform has long been an important tenet of Old Testament criticism The debate about the interpretation of Deuteronomy however has never been finally settled The present study looks in a new way at the so called centralization law of Deuteronomy which has been the most important factor in the traditional critical view of the book It sets the law in the context of a broadly based study of the theology of the book and comes to conclusions which call the connection with Josiah s reform into question A broadly based study of the themes of time and place in Deuteronomy calling into question accepted ideas about the purpose and setting of the book **Saturday Review** ,1859 Perspectives and Practices of Education for Sustainable Development Rehema M.
