News Media Trust Matsilele, Lungile A. Tshuma, 2025-12-16 This pioneering volume presents a comprehensive assessment of

generative artificial intelligence's impact on African journalism bringing together insights from academics, technologists and practicing journalists across the continent. Featuring diverse case studies from South Africa, Nigeria, Kenya, Zimbabwe, Zambia and Eswatini, the collection explores how African newsrooms are adopting generative AI. Contributors analyse the use of AI presenters, audience perceptions of AI-generated content, gamification strategies in newsrooms and the barriers journalists face in accessing these technologies. Painting a picture of the complex political economy of AI-driven news production and consumption, the volume also addresses ethical concerns around AI appropriation, highlighting how existing legal frameworks struggle to regulate generative AI in journalism. Positioned at the intersection of technology and African media studies, this book offers essential insights into the future of journalism across the continent.

Trust Matsilele is a Senior Lecturer in Journalism at Birmingham City University, UK, and a Research Fellow in the Communication Department at the University of South Africa. Lungile A. Tshuma is a Researcher in the Centre for Communication and Culture, Universidade Católica Portuguesa. Tshuma is also a Senior Research Associate in the Department of Communication and Media, University of Johannesburg, South Africa.

Creative AI Tools and Ethical Implications in Teaching and Learning Keengwe, Jared, 2023-09-18. As generative Artificial Intelligence (AI) tools become increasingly prevalent, it is crucial for educators to develop a nuanced understanding of the ethical implications associated with their use. Educators today face the critical task of navigating the pedagogical applications of AI and maximizing its potential to foster student learning. Creative AI Tools and Ethical Implications in Teaching and Learning is an insightful exploration of the ethical considerations surrounding the integration of AI in education. Educators may fear how it will rapidly transform the educational landscape, but this book serves to support them and delves into the opportunities and challenges that arise when leveraging AI to enhance teaching and learning experiences. Creative AI Tools and Ethical Implications in Teaching and Learning goes beyond theory to offer practical strategies for integrating AI creatively into the classroom. From learning analytics and educational data mining to AI game activities and generative AI tools like ChatGPT, this book equips educators with the knowledge and resources to adapt AI technologies to support teaching and learning effectively. Moreover, the book explores the vital connection between AI and student assessment, highlighting how AI can enhance the evaluation process while maintaining fairness and objectivity. It concludes with an insightful glimpse into the future of AI in education, envisioning the transformative possibilities that lie ahead. This comprehensive guide provides educators, researchers, and policymakers with the tools they need to navigate the complexities of AI in education.

Development Yu, Poshan, Wong, Steve K.M., Prabhakar, Akhilesh Chandra, 2024-12-26 While the 20th century saw massive successes in terms of industrialization much of the world's population was excluded from the spoils of these endeavors and often directly exploited in their achievement. Simultaneously the environmental impact of these practices has done irreparable harm to our world. Now nearly a quarter through the 21st century we must ensure that the same mistakes are not repeated and that we use recent technological developments such as artificial intelligence to more evenly distribute earnings and resources while also ensuring that our environment is protected. *AI Strategies for Social Entrepreneurship and Sustainable Economic Development* explores the intersection of inclusive innovation, artificial intelligence, AI strategies, social entrepreneurship, and sustainable economic development. The book delves into how AI technologies can be leveraged to promote social inclusion, drive entrepreneurship, and foster sustainable economic growth in diverse contexts. This book contributes to the existing literature by providing insights into the potential of AI in advancing inclusive innovation and sustainable development. Offering practical strategies, case studies, and best practices, this book is an excellent resource for policymakers, researchers, practitioners, and students interested in the intersection of AI, social entrepreneurship, and economic development.

Building a Unified Teacher Licensing System: Policies, Education Reforms, and Cultural Integration Massouti, Ayman, Abdallah, Asma Khaleel, 2025-07-23 The current education system faces complex challenges in teacher education and retention. Insights into the latest developments in teacher education policies and procedures suggest that a unified system of teacher licensing may facilitate a sustainable approach to hiring newly qualified and certified teachers. Additionally, a unified system of licensing may expand career opportunities for current and future teachers, providing a more sustainable approach to teacher retention. This improvement in teacher education and licensing policies may promote effective and informative knowledge on teaching and learning strategies. *Building a Unified Teacher Licensing System: Policies, Education Reforms, and Cultural Integration* explores teacher education programs, licensing policies and procedures, and the current education systems. It highlights existing teacher education programs and licensing practices while exploring complex educational challenges and opportunities for a unified system of teacher licensing. Covering topics such as professional development, cultural integration, and teacher preparedness, this book is an excellent resource for educators, policymakers, school administrators, professionals, researchers, academicians, and more.
