2016 Academic Calendar Moi University:

University Education, Controversy and Democratic Citizenship Nuraan Davids, Yusef Waghid, 2020-11-16 This book explores the role of the university in upholding democratic values for societal change. The chapters advocate for the moral virtue of democratic patriotism; the editors and contributors argue that universities as institutions of higher learning can encourage the creation of critical and patriotic citizens. The book suggests that non-violence, tolerance and peaceful co-existence ought to manifest through pedagogical university actions on the basis of educators' desire to cultivate reflectiveness, criticality and deliberative inquiry in and through their academic programmes. In a way, universities can respond more positively to the violence on our campuses and in society if public and controversial issues were to be addressed through an education for democratic citizenship and human rights.

Toy Stories Vanessa Smith, 2023-09-05 *Toy Stories* Analyzing the Child in Nineteenth Century Literature explores the stakes of recurrent depictions of children's violent, damaging and tenuously restorative play with objects within a long nineteenth century of fictional and educational writing. As Vanessa Smith shows us, these scenes of aggression and anxiety cannot be squared with the standard picture of domestic childhood across that period. Instead, they seem to attest to the kinds of enactments of infant distress we would normally associate with post-psychoanalytic modernity, creating a ripple effect in the literary texts that nest them, regressing developmental narratives, giving new value to wooden characters, exposing Realism's solid objects to odd fracture and troubling distinctions between artificial and authentic interiority. *Toy Stories* is the first study to take these scenes of anger and overwhelm seriously, challenging received ideas about both the nineteenth century and its literary forms. Radically re-conceiving nineteenth century childhood and its literary depiction as anticipating the scenes, theories and methodologies of early child analysis, *Toy Stories* proposes a shared literary and psychoanalytic discernment about child's play that in turn provides a deep context for understanding both the development of the novel and the keen British uptake of Melanie Klein's and Anna Freud's interventions in child therapy. In doing so, the book provides a necessary reframing of the work of Klein and Freud and their fractious disagreement about the interior life of the child and its object-mediated manifestations.

Gender Design Uta Brandes, 2017-10-10 *Die Auseinandersetzung mit Geschlecht als sozialer Konstruktion ist in sehr vielen Wissenschaftsbereichen seit Jahrzehnten state of the art. Im Design ist die Einbeziehung der Kategorie Gender allerdings noch immer fast ein blinder Fleck. Das ist merkwürdig, weil Design ja den ganz gewöhnlichen Alltag überall und jederzeit bestimmt und damit auch die in diesem Alltag handelnden Subjekte. Und diese Interaktion zwischen Menschen und Dingen findet unabdingbar gendered statt. Das vorliegende Buch setzt sich erstmals mit den essentiellen Fragen von Gender im Design theoretisch wie praktisch auseinander. Es erörtert die grundsätzliche Notwendigkeit der Einbeziehung von Gender in den Designprozess und es stellt exemplarisch Designforschungsprojekte zu diesem wichtigen Thema vor.* Uta Brandes ist die erste Professorin, die explizit Gender Design bis vor kurzem an der KIn International School of Design lehrte.
