Modelling and Analysis of Enterprise Information Systems Gunasekaran, Angappa, 2007-03-31 This book presents comprehensive coverage and understanding of the organizational and technological issues of enterprise information systems. It covers current trends such as enterprise resource planning and electronic commerce and their implications on supply chain management and organizational competitiveness. Provided by publisher **Qualitative Case Studies on**

Implementation of Enterprise Wide Systems Liisa von Hellens, Sue Nielsen, Jenine Beekhuyzen, 2005-01-01 This book brings together recent qualitative research studies in enterprise wide implementations. This collection is useful as a teaching case for academia, a student reference and also for academics, researchers and IT practitioners who wish to gain a broad view of ERP implementation success and failure. This book provides relevant methodologies and recent empirical research findings in the area and includes sufficient background information for an understanding of each case but focuses on providing a rich description of more than a dozen real life cases. *Advanced Topics in Global Information Management* M. Gordon

Hunter, Felix B. Tan, 2004-01-01 *Advanced Topics in Global Information Management* is the third in a series of books on advanced topics in global information management. GIM research continues to progress with some scholars pushing the boundaries of thinking and others challenging the status quo. Note: This book is part of a new series entitled *Advanced Topics in Global Information Management*. This book is Volume Three within this series. Vol III 2004 **Annals of Cases on**

Information Technology Mehdi Khosrowpour, 2002-07-01 *Annals of Cases on Information Technology* provides 37 case studies authored by over 50 world renowned academicians and practitioners in information technology, each offering insight into how to succeed in IT projects and how to avoid costly failures. These case studies describe private and public organizations including educational institutions, electronic businesses and governmental organizations ranging in size from small businesses to large organizations. Additionally, they focus on a variety of technology projects including electronic commerce and electronic business initiatives, enterprise resource planning and reengineering efforts, data mining projects and the human factors relating to IT projects. *SAP R/3 Implementation Guide* Bradley D. Hiquet, Anthony F.

Kelly, Kelly-Levey & Associates, 1998 A manager's overview of the issues faced while implementing SAP, written from a consulting team in a Business Week style, this book explains why many SAP projects fail or run significantly over budget and time. **Subject Guide to Books in Print**, 2001 **Managing Information Technology in a Global Economy**

Information Resources Management Association.
