10 Day Green Smoothie Cleanse Katya Johansson, 2016-08-25 10 DAY GREEN SMOOTHIE CLEANSE Purify Your Body With A Simple Green Smoothie Detox By definition Green smoothies are a delicious blended drink made from fruit and leafy greens Leafy greens as their name suggests are green leaves of edible plants A green smoothie is a thick beverage made from blended raw fruit or vegetables with other ingredients such as water ice dairy products or sweeteners These healthy green smoothies are made by blending raw leafy green vegetables with fruit in order to soften and sweeten the drink The most popular vegetables used in green smoothies are kale spinach Swiss chard collard greens celery broccoli and parsley The consumption of raw leafy green vegetables as occurs when a person drinks green smoothies can bring at first a person feel great after adopting this habit particularly if he or she is coming off a highly processed nutrient poor diet Blending the greens in a powerful blender causes to liquefying the greens far more thoroughly than we can by chewing This releases the nutrients from the cellulose which is indigestible and makes them more accessible to our digestive system Digesting food creates free radicals therefore we have to be sure the food we eat has to be packed with antioxidants Some examples of antioxidant rich foods are Chia Raw Cacao Blueberries Strawberries Beets Red Wine Green Tea and Pomegranates Digestion isn't the only physiological source of free radicals exercise is too so there is an additional reason to eat sufficient amounts of antioxidants It is well known to all of us that if we want to stay healthy we should eat a lot of greens But many people don't like to eat greens Even if you're one of the people who does like greens in order to get more nutritional and health benefits from the greens is to eat them raw and to chew them very thoroughly to shatter the cell and obtain the nutrients within But the amount of chewing required is so large that it makes it difficult Green smoothies are a perfect solution for those issues
