2025 Edition Gothic Romance:

Celeste L. I. O. Reyes, 2025-05-15 *Celeste The Ghostbound Series Book One* by LIOR In the crumbling corridors of 1466 Dumaine Street memory lingers like blood and jasmine and love returns in a form both haunted and heartbreakingly human Celeste Duval never meant to come back But a letter soaked in salt and scent calls her home to the family estate she was told to forget Inside its decaying walls something stirs footsteps behind mirrors whispers in the garden and a man with ice gray eyes who defies time itself Julien Moreau is a symphony of dust and desire a man unraveling across lifetimes Once lost Still in love He remembers Celeste differently in fragments from another name another era As the house begins to resurrect its past Celeste must decide is she here to forgive him or to end what once began in fire Celeste is a gothic love story of second chances across centuries memory and identity ancestral grief and the intimacy of choosing someone again and again With lyrical prose and a lush Southern atmosphere it blends themes of forbidden love tragic connection and a house that remembers everything Confession implies guilt he said What I carry isn't guilt It's architecture I was 112 years old A collection of faded glances forgotten reflections and dusted footsteps But today I am 28 again Because of you You who touched what time left behind and did not turn away For readers who crave haunted romance slow burn tension Southern gothic mystery and tender stories sharpened by longing Celeste is a deeply emotional descent into legacy desire and the echoes of love that never truly die

German Settings of Ossianic Texts, 1840-1880 Sarah Clemmens Waltz, The ten solo German settings on texts attributed to the Celtic bard Ossian contained in this edition reflect the nineteenth century Romantic or gothic interest in Scotland Their composers range from the well known Loewe and Donizetti to the obscure Brgel Taubert and Hill These works fracture the unitary conception of the German lied in their borrowing from the melodrama and romance genres illustrating various strategies for setting a ballad text and often communicating through conventionally defined musical styles or topics Yet particularly through the obsessive re setting of Herder's translation of Darthula's Burial Song the composers of these settings show themselves to be concerned with preserving a German patrimony established by eighteenth century views of Ossian as a window to a Germanic culture lost to an illiterate past The settings themselves are both singable and emotionally moving and their variable and flexible performance contexts help us reimagine nineteenth century performance practice and would enrich modern recital programs Moreover new editions of this music contribute to the slow rehabilitation of Ossian's fraught reception history and to the overcoming of the post Romantic rejection of excess emotionalism

Jane Austen's Bookshelf Rebecca Romney, 2025-02-18 From rare book dealer and guest star of the hit show *Pawn Stars* a page turning literary adventure that introduces readers to the women writers who inspired Jane Austen and investigates why their books have disappeared from our shelves Long before she was a rare book dealer Rebecca Romney was a devoted reader of Jane Austen She loved that Austen's books took the lives of women seriously explored relationships with wit and confidence and always allowed for the possibility of a happy ending She read and reread them

often wishing Austen wrote just one more But Austen wasn't a lone genius She wrote at a time of great experimentation for women writers and clues about those women and the exceptional books they wrote are sprinkled like breadcrumbs throughout Austen's work Every character in *Northanger Abbey* who isn't a boor sings the praises of Ann Radcliffe The play that causes such a stir in *Mansfield Park* is a real one by the playwright Elizabeth Inchbald In fact the phrase pride and prejudice came from Frances Burney's second novel *Cecilia* The women that populated Jane Austen's bookshelf profoundly influenced her work Austen looked up to them passionately discussed their books with her friends and used an appreciation of their books as a litmus test for whether someone had good taste So where had these women gone Why hadn't Romney despite her training ever read them Or in some cases even heard of them And why were they no longer embraced as part of the wider literary canon Jane Austen's Bookshelf investigates the disappearance of Austen's heroes women writers who were erased from the Western canon to reveal who they were what they meant to Austen and how they were forgotten Each chapter profiles a different writer including Frances Burney Ann Radcliffe Charlotte Lennox Charlotte Smith Hannah More Elizabeth Inchbald Hester Lynch Thrale Piozzi and Maria Edgeworth and recounts Romney's experience reading them finding rare copies of their works and drawing on connections between their words and Austen's Romney collects the once famed works of these forgotten writers physically recreating Austen's bookshelf and making a convincing case for why these books should be placed back on the to be read pile of all book lovers today Jane Austen's Bookshelf will encourage you to look beyond assigned reading lists question who decides what belongs there and build your very own collection of favorite novels
