Materials for Less Commonly Taught Languages Öner Özçelik, Amber Kennedy Kent, 2023-08-01. A step-by-step guide to designing materials for learning world languages from expert instructional designers. Many teachers of less commonly taught languages or LCTLs find themselves in the position of needing access to quality language teaching and learning materials where none exist or where those that do are extremely outdated. *Designing Effective Language Learning Materials for Less Commonly Taught Languages* is a concise guide for language instructors or anyone with an interest in developing language learning materials. While leading instructors through the development process using the ADDIE model of instructional design (Analysis, Design, Development, Implementation, Evaluation), Özçelik and Kent present examples from many different languages, provide reflection questions for readers to consider at the end of each chapter, and give concrete strategies and tips throughout the process.
