South Africa attempts to capture the essence of transformation and trends in the South African health sector. It offers on the one hand an overview of recent and current developments in the South African health care system and on the other of trends in the health status of the South African population. The book is a follow up to the well known Health care in South Africa structure and dynamics Van Rensburg Fourie Pretorius 1992 published just before the transition to a democratic society. The book retains a strong historical thread but the focus is generally on the nature of the transformation process, gains made and failures encountered.
