2015 Walmart Paydays:

2014: The Year of Action Bepty Antoine, 2018-05-24 2014 The Year of Action By Bepty Antoine 2014 The Year of Action is a broad ranging compendium of the events conflicts and progress recently seen throughout the world Written from the perspective of an immigrant with a particular heart for the poor this unique tome focuses on the influential work of two world leaders United States President Barack Obama and Pope Francis Bepty Antoine utilizes historical and cultural knowledge to frame events within a larger context presenting the actions both men have taken to further social justice issues often connecting these concerns to environmental crises Drawing on the tenants of their Christian faith both the President and the Pope have sought to defend immigrants refugees and the global poor and their efforts often in the face of extreme opposition are carefully detailed and celebrated 2014 The Year of Action focuses on the impressive achievements of two modern heroes and places their struggles for progress within the wider context of current events and popular culture Imperialism in the Twenty-First Century John Smith, 2016-01-22 Provides an examination of the relationship between the core capitalist countries and the rest of the world in the age of neoliberal globalization Deploying a Marxist methodology Smith begins by tracing the production of certain iconic commodities the T shirt the cup of coffee and the iPhone and demonstrates how these generate enormous outflows of money from the countries of the Global South to transnational corporations headquartered in the core capitalist nations of the Global North From there Smith draws on his empirical findings to theorize the current shape of imperialism He argues that the core capitalist countries need no longer rely on military force and colonialism although these still occur but increasingly are able to extract profits from workers in the Global South through market mechanisms and by aggressively favoring places with lower wages the phenomenon of labor arbitrage From publisher description **Future Histories** Lizzie O'Shea, 2019-05-14 The key to understanding technology lies not in the future but in the past That s the contention of Lizzie O Shea s Future Histories a grand tour through past and present to explore the practical and sometimes revolutionary possibilities of our digital age Searching for new ways to think about our networked world O Shea asks what the Paris Commune can tell us about the ethics of the Internet and finds inspiration in the revolutionary works of Thomas Paine and Frantz Fanon She examines Elon Musk s futuristic visions only to find them mired in a musty Victorian era utopianism Instead of current day capitalist visionaries O Shea returns us to the Romantic age of wonder when art and science were as yet undivided narrating the collaboration between Ada Lovelace the brilliant daughter of Lord and Lady Byron and polymath Charles Babbage who together designed the world s first computer In our brave new world of increased surveillance biased algorithms and fears of job automation O Shea weaves a usable past we can employ in the service of emancipating our digital tomorrows *Fringe Finance* Rob Aitken, 2015-02-11 The most recent conversations about financial instability in International Political Economy have addressed the ongoing financial spasms of the past five years a global financial spasm unleashed by the 2008 subprime debacle ongoing Eurozone instability and general price

volatility in securities markets globally. Alongside and as part of these broader spasms however has been another key trend: the intensifying reach of global financial markets into and among those populations which live at its very edges. There are increasing and increasingly profitable experiments which are explicitly targeted to those without regular access to full or formalized financial practices. This book places the practices of fringe finance in critical context by situating them within a larger set of discussions in the field. Most importantly this book is part of a much broader attempt in IPE to rethread the study of finance to questions of cultural and social theory in a meaningful manner. Finance is increasingly subjected to innovative forms of social inquiry influenced by a range of diverse methods including governmentality actor network theory and cultural economy. By drawing on several strands of social theory this book contributes to this broader movement in IPE and helps open more space for the continuation of these interdisciplinary conversations. This work will be of great interest to students and scholars of IPE, development studies and economic sociology.

Computer Security - ESORICS 2016 Ioannis Askoxylakis, Sotiris Ioannidis, Sokratis Katsikas, Catherine Meadows, 2016-09-14. The two volume set LNCS 9878 and 9879 constitutes the refereed proceedings of the 21st European Symposium on Research in Computer Security ESORICS 2016 held in Heraklion, Greece in September 2016. The 60 revised full papers presented were carefully reviewed and selected from 285 submissions. The papers cover a wide range of topics in security and privacy including data protection systems, security network security, access control, authentication and security in such emerging areas as cloud computing, cyber physical systems and the Internet of Things.

Remnant Christianity in a Post-Christian World W. Paul Jones, 2021-11-03. The contemporary Christian church is in critical decline both in membership and finances. All attempts at reversal are failing primarily because of the consuming socioeconomic secular dynamic in which society is immersed in its self-destructive course. Consequently, Christian imagery is losing its conceivability and credibility, and past motivations that once encouraged belief have lost their appeal. Without these as points of contact, the demise of the institutional church will be relentless despite all efforts to halt it. Yet as at other crisis points in history, the divine promise has been to raise a faithful remnant with sufficient promise to outlast whatever the societal demise. After carefully analyzing the ingredients of our societal crisis, the author develops the contours of a Remnant Church to be set in place now within the present institutional churches. This necessitates distilling a vital spirituality and discerning the heart of a preservable tradition sufficient to claim both personal and communal commitment. Thereby prepared for the long haul, the Remnant Church can emerge as a prophetic alternative.

Making Things Valuable Martin Kornberger, Lise Justesen, Anders Koed Madsen, Jan Mouritsen, 2015. Addresses the question of valuation theoretically and through empirical analysis of diverse objects of valuations such as university rankings, ice skating, scoring wind power, insurance, gold and big data.

The Private Is Political Alice E. Marwick, 2023-05-30. A compelling firsthand investigation of how social media and big data have amplified the close relationship between privacy and inequality. Online privacy is under constant attack by social media and big data technologies. But we cannot rely on

individual actions to remedy this it is a matter of social justice Alice E Marwick offers a new way of understanding how privacy is jeopardized particularly for marginalized and disadvantaged communities including immigrants the poor people of color LGBTQ populations and victims of online harassment Marwick shows that few resources or regulations for preventing personal information from spreading on the internet Through a new theory of networked privacy she reveals how current legal and technological frameworks are woefully inadequate in addressing issues of privacy often by design Drawing from interviews and focus groups encompassing a diverse group of Americans Marwick shows that even heavy social media users care deeply about privacy and engage in extensive privacy work to protect it But people are up against the violation machine of the modern internet Safeguarding privacy must happen at the collective level **Ladies Get Paid** Claire Wasserman,2021-01-14

James P Hassell,2015-04-14 When a geomagnetic storm results from a solar flare and coronal mass ejection the question isn t how did it happen but how do you now survive In a world without electricity water constant food sources or even reliable shelter how do you live This is the question posed to a young man who finds himself stuck 700 miles from home The best idea is to make his way there or is it Along the way he will encounter roving gangs of civil war reenactors a church leading the way to rapture cannibals casinos powered by the debts of their customers and the most dangerous of them all Boy Scouts James P Hassell is back at it with a cutting ability to throw our world into chaos and in the process expose the dark secrets of humanity that no one wants to face His unflinching style in examining the darkest recesses of humanity is as disturbing as it is enlightening *Accountable* Warren Valdmanis,Michael O'Leary,2020-08-18

Uses a combination of great stories and thoughtful analysis to suggest that we must find a way to change the purpose of our corporations if we are to build a society that works for all of us Rebecca M Henderson John Natty McArthur University Professor at Harvard University Fresh balanced highly readable and deeply informed John Pepper former Chairman and CEO of P G Thought provoking and insightful Accountable offers a pragmatic and original roadmap to transform capitalism into a system that s more inclusive sustainable and just Dr Rajiv J Shah President of The Rockefeller Foundation Capitalism is failing and the tools we are relying on to fix it corporate social responsibility divestment impact investing and government control are only making things worse Chevron boasts about the 50 million per year it spends on renewable energy whilst it spends 200 times that on oil exploration Goldman Sachs touts its 10 000 Women initiative but its board ranks 358th out of the Fortune 500 for gender diversity and

women earn 55% less than men do on average By focusing on corporations rather than people we've put our faith in empty trends and brand focused window dressing Why should those responsible for our current crisis be trusted to fix it In Accountable authors Michael O Leary and Warren Valdmann offer a blueprint for everyone to take responsibility for using their economic power as consumers as investors as employees and as voters to trigger a fundamental shift away from an economy that is unethical unfair and destructive to our environment and institutions Their investigation cuts through the tired dogma of current economic thinking to reveal a hopeful truth if we can make our corporations accountable to a deeper purpose we can make capitalism both prosperous and good Trenchant and gripping this is an indispensable guide and call to action for citizens to take control of our economic power and hold corporations to a higher standard *Propaganda in the Information Age* Alan MacLeod, 2019-04-24 *Propaganda in the Information Age* is a collaborative volume which updates Herman and Chomsky's propaganda model for the twenty first century media landscape and makes the case for the continuing relevance of their original ideas It includes an exclusive interview with Noam Chomsky himself 2018 marks 30 years since the publication of Edward Herman and Noam Chomsky's ground breaking book *Manufacturing Consent* which lifted the veil over how the mass media operate The book's model presented five filters which all potentially newsworthy events must pass through before they reach our TV screens smartphones or newspapers In *Propaganda in the Information Age* many of the world's leading media scholars analysts and journalists use this model to explore the modern media world covering some of the most pressing contemporary topics such as fake news Cambridge Analytica the Syrian Civil War and Russiagate The collection also acknowledges that in an increasingly globalized world our media is increasingly globalized as well with chapters exploring both Indian and African media For students of Media Studies Journalism Communication and Sociology *Propaganda in the Information Age* offers a fascinating introduction to the propaganda model and how it can be applied to our understanding not only of how media functions in corporate America but across the world in the twenty first century *Who She Be!?* Jnaha, 2016-11-07 In 2012 C C Blossom reinvents her mortal existence At 33 she sets out on a 2 year journey of telepathy and time travel As energy vampires attempt to steal her peace and joy she begins to experience signs omens soliloquies and similes designed to redirect her life path In search of understanding and adventure C C floats deep into an undiscovered abyss of mentally elevated bliss *The American Middle Class* Robert S. Rycroft, 2017-05-12 What is the American Dream This book's author argues that contrary to what many believe it is not achieving the wealth necessary to enter the top one percent but rather becoming members of the great middle class by dint of hard work and self discipline Americans of all classes consider themselves to be middle class There are Americans who by any objective standard should be considered poor who would insist they are middle class just as other Americans who should be considered wealthy also insist they are middle class Thinking of yourself and being thought of by others as middle class is the American Dream for tens of millions of people But an enduring problem of the American middle class is the worry that the Dream is

coming apart that forces are lurking in the shadows waiting to steal their progress and throw them back into poverty This thought provoking reference explores a disparate multitude of issues associated with being middle class in America It addresses a range of questions and subtopics including the meaning of the term middle class how middle class status is expressed by both the majority and the various minorities that make up the American mosaic what economic pressures are bearing down on the middle class and how economists and others attempt to make sense of the economic issues of the day Readers will also better understand how political institutions and public policies are shaping the way the middle class views the world how labor housing education and crime related issues have influenced the development and growth of the middle class the norms of the middle class versus those of other classes in society and the role of culture and media in shaping how members of the middle class view themselves and how they are viewed by others This two volume set provides a comprehensive look at the American middle class that supports student research in economics social studies cultural studies and political history The content supports teachers in their development of lesson plans and assignments that directly align with the Common Core State Standards and the recommendations of the National Curriculum Standards for Social Studies NCSS with respect to all ten NCSS themes
