Non-Military Warfare Oscar Jonsson, Ilmari Käihkö, 2025-08-15 This volume analyzes the phenomenon of non military warfare in theory and practice including its relation to military warfare and how states can understand and counter this activity War has traditionally been understood as soldiers with weapons fighting on a battlefield Today however it is difficult to say who is a combatant what weapons are or even where the battlefield ends Industrial scale information operations and hacking attacks can be both an integral part of and a substitute for military operations This book which brings together scholars from different fields goes beyond conceptual debates and provides a focused analysis of the advent of non military warfare and its impact on strategy The empirical chapters investigate non military warfare primarily as conducted by the United States Russia and China in the areas of politics cyber diasporas technology and law The theoretical chapters seek to answer broader questions about how we should think about victory defeat and participation in non military warfare and when it can complement and take the place of military operations As modern warfare is moving into non military domains understanding this shift is vital to state survival in the 21st century This book will be of much interest to students of strategic studies defense studies foreign policy and International Relations as well as professional practitioners

**United States**  
**Code** United States, 2018 *The Dark Social Capital of Religious Radicals* Johannes Saal, 2021-05-04 With the departure of European Muslims to the Islamic State and a wave of terrorist attacks in Europe in recent years the questions of why and how individuals radicalize to Jihadi extremism attracted keen interest This thesis examines how individuals radicalize by applying a theoretical framework that primarily refers to social capital theory the economics of religion and social movement theory The analysis of the biographical backgrounds pathways of radicalization and network connections of more than 1 300 Jihadi extremists from Germany Austria and Switzerland shows that radicalization primarily need to be considered as a social process of isolation from former social contacts and affiliation with a new religious group Radicalization is characterized by

the transformation of social capital and often channeled through so called strong ties to friends and family members These peer networks constitute the social fundament of radical clusters on the local level which are usually linked to a broader milieu through exclusive mosque communities and religious authorities Bonding social capital within these radical groups minimizes the risk of betrayal and promotes trust essential for clandestine and risky activities

**Humanitarian and Military Intervention in Libya and Syria** Aran M. Lewis,2022-12-30 This book explores the contradictions in Britain s humanitarian and military intervention in Libya and Syria beginning with the Arab spring in 2010 The book assesses the contradictions between the expressed humanitarian intentions of British military interveners and the impact of their actions on the putative beneficiary states It demonstrates that as a result of foreign intervention both Libya and Syria were rendered non functional as unitary nations and suffered extensive harm to their people and infrastructure To evaluate the effectiveness and credibility of humanitarian warfare the author conducts a thematic analysis of debates on Libya and Syria in the House of Commons The book provides a detailed study of intentions and motives expressed by Members of Parliament of consequent British state actions and their outcomes and of MPs reactions to outcomes It provides ample evidence of duplicity insincerity indifference to harm and ulterior motives for violence that undermine moral claims and support the argument that although humanitarian warfare may be possible the leading Western activist states Britain France and the USA are poorly qualified to carry it out Illustrating a systemic failure of strategy and accountability in British foreign policy this book will be of interest to scholars and graduates of Humanitarian Studies International Relations and Military Studies

**Moral Injury in Veterans and Active Duty Military with PTSD** Harold G. Koenig,Donna Ames,Arndt Büssing,2019-12-11 This eBook focuses on a relatively new frontier in psychiatry the topic of moral injury MI which is examined here in the setting of post traumatic stress disorder PTSD among Veterans and Active Duty Military We define MI describe how to identify it by screening explain the impact that MI has on mental health outcomes particularly PTSD and mental health problems often associated with PTSD and provide information on what clinicians can do about it While the focus here is on Veterans and Active Duty Military MI is much more widespread than just among former or current military personnel Healthcare professionals first responders clergy and many patients seeking mental health care are also likely suffering from MI which is not recognized or treated because clinicians are not familiar with it Burnout among health professionals and those engaged in other high stress occupations may often have MI as an underlying condition that is driving the burnout or related emotional condition Therefore psychiatrists and all mental health professionals must know about this syndrome utilize the tools now available to identify it and learn about interventions that can be employed to treat it Success in treating many of the common mental health conditions that appear resistant to treatment may depend on knowing about this new yet very old syndrome

**Security Cooperation between Western States** Olivier Lewis,2022-08-22 This book examines security cooperation between Western states Security cooperation

occurs between Western i e European and North American states as a coping mechanism as an imperfect substitute for integration The book investigates the reasons for cooperation what Aristotle called the final cause as well as the material formal and efficient causes of cooperation Such a causal explanation is based on a Critical Realist philosophy of social science The book is also based on an embedded multiple case study the states studied are the United States France and Luxembourg Within each state the embedded subcases are three types of state security organizations the armed forces law enforcement and intelligence agencies which have rarely been compared in this way Comparing different types of states and different types of state security organizations has allowed temporal spatial national and functional variation in cooperation to be identified and theorized The empirical evidence studied includes participant observations at the North Atlantic Treaty Organization and documents such as state policy documents annual reports by organizations reports by parliaments and non governmental organizations autobiographies books by investigative journalists and articles by newspapers and magazines The book is also based on a score of elite interviews with ambassadors diplomatic liaisons ministerial advisors foreign ministry officials and military commanders This book will be of much interest to students of security studies intelligence studies military studies and International Relations in general      *Military police* United States. Department of the Army,1984      Building China into a Cyber Superpower Munish Sharma,2024-04-26 This book provides a comprehensive look into China s emerging cyberspace strategy It highlights the prime drivers of China s desire to be a cyber superpower and discusses the ways in which China is turning resources into cyber power The book analyses China s domestic cyber policy initiatives strategy documents censorship measures and the rationale behind its strong advocacy for sovereignty in cyberspace It examines China s position on the prominent issues of cyberspace governance norms and security in cyberspace and key diplomatic initiatives The book also discusses next generation networks artificial intelligence quantum information sciences and cyber warfare An important contribution to the study of China s cyber policy the book will be of interest to students and researchers of international relations Chinese digitalisation security studies Chinese politics international security Chinese foreign policy and Chinese economy It will also be useful to the policymakers and corporate professionals engaged with China s digital sphere      *The Russian Military Resurgence* René De La Pedraja,2018-12-11 The transition from the Soviet to the post 1991 Russian military is a fascinating story of decline and reinvention The Soviet army suffered a slow demise dissolving in 2000 and only gradually reforming based on radically different principles The First Chechnya War 1994 1996 was the lowest point for the Soviet military but the Second Chechnya War 1999 2004 saw the initial stirrings of the new Russian army The Five Day War with Georgia in August 2008 was its first major success and marked Russia s return to world power status Lively accounts and maps describe the actions of these wars along with the Crimea operation of 2014 the separatist struggles in eastern Ukraine and the ongoing Russian intervention in Syria      **Decentralization and Constitutionalism in Africa** Charles M. Fombad,Nico Steytler,2019-09-10 This collection of essays assesses the efforts of

African governments to constitutionalise decentralisation be it in the form of federalism local government or traditional authorities Since the end of the Cold War jurisdictions across Africa have witnessed an ostensible return to multi party democracy within the paradigm of constitutionalism and the rule of law Linked to the democratisation process many countries took steps to decentralize power by departing from the heavily centralized systems inherited from colonial regimes The centralization of power typically characterized by the personalization and concentration of power in the hands of leaders and privileged elites in capital cities mostly resulted in repressive regimes and fragile states As decentralisation is a response to these challenges this volume analyses the dynamic relationship between the efforts to implement decentralization and presence or absence of constitutionalism This volume examines a variety of forms and degrees of decentralization found across Africa It advances a new understanding of trends and patterns and facilitates the exchange of ideas among African governments and scholars about the critical role that decentralisation may play in democratization of and constitutionalism in Africa
