Book Steven Berbeco,2011-08-19 Abstract In this study I propose a strong and innovative model of teaching that centers

on the student and I report on the efficacy of this model using quantitative research procedures This model of teaching is systematized in the Marhaba curriculum a method of teaching first year high school Arabic that I designed tested and evaluated The Marhaba curriculum is founded on best practices and is a natural outgrowth of contemporary education theories including non linear curriculum design and multiple modality teaching materials that take into consideration students diverse learning styles Analysis of data indicates that use of the Marhaba curriculum positively influences student proficiency in Arabic In particular students become proficient regardless of a student s gender grade socioeconomic status or parent educational background Also student proficiency is not dependent on a student s attitude to learning or engagement in class or a student s attitude toward the curriculum

Arabic as One Language Mahmoud Al-Batal, 2017-12-04 For decades students learning the Arabic language have begun with Modern Standard Arabic MSA and then transitioned to learning spoken Arabic

While the MSA first approach neither reflects the sociolinguistic reality of the language nor gives students the communicative skills required to fully function in Arabic the field continues to debate the widespread adoption of this approach Little research or evidence has been presented about the effectiveness of integrating dialect in the curriculum With the recent publication of textbooks that integrate dialect in the Arabic curriculum however a more systematic analysis of such integration is clearly becoming necessary In this seminal volume Mahmoud Al Batal gathers key scholars who have implemented integration to present data and research on the method s success The studies address curricular models students outcomes and attitudes of students and teachers using integration in their curricula This volume is an essential resource for all teachers of Arabic language and those working in Teaching Arabic as a Foreign Language TAFL *Alif Baa with Website EB (Lingco)* Kristen|Al-Batal Brustad (Mahmoud|Al-Tonsi, Abbas),2021
