Sonenscher, 2023-07-11 Tracing the origins of modern political thought through three sets of arguments over history morality and freedom In this wide ranging work Michael Sonenscher traces the origins of modern political thought and ideologies to a question raised by Immanuel Kant about what is involved in comparing individual human lives to the whole of human history How can we compare them or understand the results of the comparison Kant's question injected a new future oriented dimension into existing discussions of prevailing norms challenging their orientation toward the past This reversal made Kant's question a bridge between three successive sets of arguments between the supporters of the ancients and moderns the classics and romantics and the Romans and the Germans Sonenscher argues that the genealogy of modern political ideologies from liberalism to nationalism to communism can be connected to the resulting discussions of time history and values mainly in France but also in Germany Switzerland and Britain in the period straddling the French and Industrial revolutions What is the genuinely human content of human history Everything begins somewhere democracy with the Greeks

or the idea of a res publica with the Romans but these local arrangements have become vectors of values that are apparently universal The intellectual upheaval that Sonenscher describes involved a struggle to close the gap highlighted by Kant between individual lives and human history After Kant is an examination of that struggle s enduring impact on the history and the historiography of political thought **Library of the World's Best Literature** Charles Dudley Warner,1898

Library of the World's Best Literature, Ancient and Modern: Biographical dictionary Charles Dudley Warner,1898 **The Uncanny** Nicholas Royle,2003 This is the first book length study of the uncanny an important concept for contemporary thinking and debate across a range of disciplines and discourses including literature film architecture cultural studies philosophy psychoanalysis and queer theory Much of this importance can be traced back to Freud s essay of 1919 The uncanny where he was perhaps the first to foreground the distinctive nature of the uncanny as a feeling of something not simply weird or mysterious but more specifically as something strangely familiar As a concept and a feeling however the uncanny has a complex history going back to at least the Enlightenment Nicholas Royle offers a detailed historical account of the emergence of the uncanny together with a series of close readings of different aspects of the topic Following a major introductory historical and critical overview there are chapters on the death drive d j vu silence solitude and darkness the fear of being buried alive doubles ghosts cannibalism telepathy and madness as well as more applied readings concerned for example with teaching politics film and religion This is a major critical study that will be welcomed by students and academics but will also be of interest to the general reader *The Judaism of Jesus* J. Christopher Garrison,2014-04-17 We had hoped it was he the Messiah who would redeem Israel Luke 24 21 In this book you will learn that the religion Jesus founded was not Gentile or called Christianity The name Christianity is not found in the New Testaments work authored by Jews who followed Jesus that the religion of Jesus was a form of Judaism that revolved around the Hebrew concept of Brit Hadashah meaning New Covenant This concept first appeared in the writings of Jeremiah one of the great prophets of Judaism that to achieve the full task Jews have expected of their Messiah of redeeming Israel and completing Gentile world salvation there have been three separate stages in the work of Jesus the Messiah 1 the Atonement 2 the Gentile stage represented by two thousand years of Gentile Christianity and 3 the Jewish or Jewish redemption stage that with regard to the Messiahs prophecy on Jerusalem and on the completion or fulfillment of his Gentile stages see Luke 21 24 Jerusalem will be trampled on by the Gentiles until the times of the Gentiles are fulfilled on June 7 1967 the day Jerusalem fell to Jews the Messiahs prophecy was fulfilled Hence with June 7 1967 formally marking the end of the Messiahs Gentile or Christian stage the Messiahs final or Jewish stage has already begun that with the times of the Gentiles or Christianity over why Christians must adjust and reorient themselves to the new Jewish era and reality that is rising many other topics of vital relevance to our present transitional era from Gentile Christian to Jewish centered times where world history is quickly reaching a tumultuous climax centered on the Jews Jesus the Messiah and the Messiahs New Covenant Judaism as the
