

DBQ: Ancient Greek Contributions

Part A

Directions:

The task below is based on documents 1 through 9. The task is designed to give you an overview of Greece using historical documents. Look at each document and answer the questions that follow. Use your answers to the questions and background knowledge to help you write the essay (Part B – next week).

Historical Background:

The ancient Greeks laid the foundation for the modern world. Many of their contributions in government, arts, architecture, and medicine continue to influence our lives today.

Task:

Read and study each document carefully and answer the document questions. Please remember to label clearly and to answer in complete sentences, restating the questions. You may complete this assignment on paper, or on Blackboard. You may not share answers; that will be considered cheating.

Light Against Darkness Armin Lange, Eric M. Meyers, Randall Styers, 2010-11-17 *Light Against Darkness* is comprised of articles that put on display the power and pervasiveness of dualistic thought Dualism has proved a potent cultural tool for clarifying and ordering reality Particularly in times of social stress and psychological insecurity it can offer a valuable conceptual grid that provides orientation to the world and a clear sense of identity At the same time though there are important questions to be asked about the social effects of binary thinking As history amply illustrates dualistic notions can readily be deployed to legitimate cultural demonization and to rationalize violence At a deeper level a dualist worldview can also obscure the possibilities to be found in multiplicity The articles in this volume treat Dualism across a wide historical spectrum and from multiple methodological perspectives The studies are organized around the religious and cultural contexts of Ancient Judaism and they include contributions from leading voices on ancient Persia Israel Greece and Egypt Experts on modern religious and philosophical thought not only lend context to concepts applied to the ancient world but engage recent European and American experiments in binary thought All of the studies contribute to a richer and more complete portrait of dualism in ancient Judaism
