Get 100 Books Into Your Head ASAP S.O PIENS, This book is a collection of books A collection of great minds A material like no other What inspired writing this book was the fact that I wanted an easy yet completely original way of getting the knowledge and stuffs from books I had struggled in the past to finish at least one book in a week which if I did would allow me to finish 52 books in a year which is the standard of an average CEO But for where I couldn t do it I thought since I m not a CEO I can spare myself of reading maybe one book per month Notwithstanding I was still not satisfied with where I was with my reading speed and learning I wanted more So I came up with this idea of summarizing 100 books into one single book I invested hours days and even months to come up with this book I hope you will find value in it This book is a collection of distilled knowledge and ideas It gives you more in less time and saves your time and energy In an age where there s no time to read a lot of books here s a provision to master the best ideas in 100 books ASAP How lovely is that The ideas are super simple and classic They are extracts from the wisdom of the best selling authors whose books have sold and impacted thousands and millions of lives This book will definitely help you to solve your both immediate and future challenges You will no longer need hours of flipping through hundreds of pages to extract the knowledge You will get actionable ideas to work on for immediate result And this book also focuses on different aspects like finance business self education motivation relationships life success and so on So you are holding in your hands a material of inestimable value
