Redeemer and especially on the Atonement are numerous no formal and exhaustive discussion of the kingly office of the Messiah its necessity its reality its extent and its application to various classes of moral agents is elsewhere I believe to be found Even elaborate systems of theology are found singularly defective here Since however the royal authority of Christ has been clearly revealed and is unquestionably exercised in the government of the world it is manifest that an examination of this subject is essential to any complete view of the work of Redemption It is cause for satisfaction that the only treatise as yet upon this subject is a work of signal ability lucid in arrangement reverent in spirit and with hardly an exception sound and judicious in its conclusions
