Animal Report Rubric:

How to Create and Use Rubrics for Formative Assessment and Grading Susan M. Brookhart, 2013 Whether you are already familiar with rubrics or not this book is a complete resource for writing rubrics that assist with learning as well as assess it. Plus you will learn how to wisely select from among the many rubrics available for classroom use.

A Sense of Belonging Jennifer Allen, 2023-10-10 Too often new teachers enter the profession excited to make a difference in the lives of children only to find themselves disillusioned and overwhelmed with the expectations of the classroom. In *A Sense of Belonging* Jennifer Allen shares her stories and journey in creating an infrastructure of support for new teachers within her school district. *A Sense of Belonging* provides research-based practical ideas on how to support new teachers while honoring the innovation, idealism, and optimistic enthusiasm that they bring to the classroom. From supporting new teachers early in the year with administering and analyzing literacy assessments through using student work to guide instruction to offering ongoing help with curriculum planning, Jennifer shares strategies on fostering relationships with new teachers starting before school even begins, creating learning environments for new teachers to be reflective practitioners, coaching new teachers in their classrooms, and providing opportunities for them to observe their peers in action, supporting new teachers beyond their first year through gradual release of support over their first several years in the classroom, and facilitating professional development opportunities where new and veteran teachers learn alongside one another. Jennifer believes, and her book demonstrates, that when schools embrace, encourage, and celebrate the work of new teachers, they establish a supportive environment that fosters excellence and improves retention.

In Pursuit of a Multilingual Equity Agenda Meg Gebhard, Kathryn Accurso, 2023-03-10 This critical volume provides accessible examples of how K-12 teachers use systemic functional linguistics (SFL) and action research to support the disciplinary literacy development of diverse learners in the context of high-stakes school reform. With chapters from teachers, teacher educators, and researchers, this book paves the way for teachers to act as change agents in their schools, to design and implement meaningful curriculum, instruction, and assessment that builds on students' cultural and linguistic knowledge. Addressing case studies and contexts, this book provides the framework, tools, and resources for instructing and supporting multilingual students and ELL. This volume, intended for pre- and in-service teachers, aims to improve educators' professional practice through critical SFL pedagogy and helps teachers combat racism and anti-immigrant rhetoric by contributing to an equity agenda in their schools.
