Anna Karenina Anna Karenina English German Learning Edition Volume 1:

The Woman Question in Nineteenth-Century English, German and Russian Literature Kathryn L. Ambrose, 2015-09-29

Kathryn Ambrose offers a new approach to the Woman Question in mid to late nineteenth century English German and Russian literature Using a methodological framework based on feminist theory and post structuralism she provides a revision of canonical texts such as Jane Eyre Wuthering Heights Middlemarch Effi Briest Fathers and Children and Anna Karenina alongside lesser known works by Emily and Charlotte Bront George Eliot Theodor Storm Theodor Fontane Ivan Turgenev and Leo Tolstoy Her exploration of the semiotics of barriers as opposed to the established approach of the semiotics of space makes for a rewarding reading of this period of literature and establishes new cross cultural and literary connections between the three countries **A Karenina Companion** C.J.G. Turner, 2010-10-30 Although Anna Karenina has been described as the European novel by Frank Leavis the geographical setting of the novel and increasingly its temporal and cultural setting render it a foreign novel to most readers A Karenina Companion offers a wealth of information including a great deal that has previously not been available in English for the scholarly and literary appreciation of this great novel Chapter 1 is a biographical introduction and Chapter 2 an examination of the way in which the novel was composed In Chapter 3 the author brings together Tolstoy's own substantial comments on his work Chapter 4 adduces the main differences between the latest edition of the text and what has been the standard edition for over 50 years Chapter 5 outlines what Tolstoy was reading as he was writing the novel The final chapter provides a survey of significant secondary literature with English language works listed in appendices A Karenina Companion will facilitate both the reading and understanding of the novel by English speakers and the writing of informed and reliable critical appreciations **Intersections and**

Transpositions Andrew Wachtel, 1998 This collection serves as an introduction to the great variety of approaches being used by Slavists and historians to situate music and literature in the Russian cultural imagination Part I focuses on music in art The nine essays in this section explore the complex interaction of literary and musical texts in the nineteenth and twentieth centuries Contributors discuss such writers as Pushkin Chekhov and Pasternak and composers including Musorgsky Prokofiev Shostakovich and Blok Part II centers on music in life Its five essays address music as a cultural form as presented and enjoyed in the home the theater and the opera house This book provides a unique window on The musical literary and social interactions that have been typical of modern Russian culture Contributing to this volume are Thomas P Hodge Caryl Emerson Jennifer Fuller Justin Weir Alexander Burry James Morgan Andrew Baruch Wachtel Tim Langen Jesse Langen Richard Stites Ilya Vinitsky Julie Buckler Rosamund Bartlett Boris Gasparov Nicholas Glossop and Amy Nelson

Democracy and World Language Education Timothy Reagan, 2022-02-01 This book challenges the reader to consider issues of language and linguistic discrimination as they impact world language education Using the nexus of race language and education as a lens through which one can better understand the role of the world language education classroom as both

a setting of oppression and as a potential setting for transformation Democracy and World Language Education Toward a Transformation offers insights into a number of important topics Among the issues that are addressed in this timely book are linguisticism the ideology of linguistic legitimacy raciolinguistics and critical epistemology Specific cases and case studies that are explored in detail include the contact language Spanglish African American English and American Sign Language The book also includes critical examinations of the less commonly taught languages the teaching of classical languages primarily Latin and Greek and the paradoxical learning and speaking of critical languages that are supported primarily for purposes of national security Arabic Chinese Farsi Russian etc

The Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1894 **Framing Anna Karenina** Amy Mandelker, 1993 Mandelker's revisionist analysis begins with the contention that Anna Karenina rejects the textual conventions of realism and the stereo typical representation of women especially in Victorian English fiction In Anna Karenina Tolstoy uses the theme of art and visual representation to articulate an aesthetics freed from gender bias and class discrimination **East European Accessions Index**, 1958-04

Bakhtinian Perspectives on Language, Literacy, and Learning Arnetha F. Ball, Sarah Warshauer Freedman, 2004-08-23 This 2004 book represents a multidisciplinary collaboration that highlights the significance of Mikhail Bakhtin's theories to modern scholarship in the field of language and literacy Book chapters examine such important questions as What resources do students bring from their home community environments that help them become literate in school What knowledge do teachers need in order to meet the literacy needs of varied students How can teacher educators and professional development programs better understand teachers' needs and help them to become better prepared to teach diverse literacy learners What challenges lie ahead for literacy learners in the coming century Chapters are contributed by scholars who write from varied disciplinary perspectives In addition other scholarly voices enter into a Bakhtinian dialogue with these scholars about their ideas These other voices help our readers push the boundaries of current thinking on Bakhtinian theory and make this book a model of heteroglossia and dialogic intertextuality **Literature**, 1898 **The Bookseller**, 1913 Official organ of the book trade of the United Kingdom *Thomas Mann in English* David Horton, 2013-04-11 Thomas Mann owes his place in world literature to the dissemination of his works through translation Indeed it was the monumental success of the original English translations that earned him the title of the greatest living man of letters during his years in American exile 1938-52 This book provides the first systematic exploration of the English versions illustrating the vicissitudes of literary translation through a principled discussion of a major author The study illuminates the contexts in which the translations were produced before exploring the transformations Mann's work has undergone in the process of transfer An exemplary analysis of selected textual dimensions demonstrates the multiplicity of factors which impinge upon literary translation leading far beyond the traditional preoccupation with issues of equivalence Thomas Mann in English thus fills a gap both in translation studies where Thomas Mann serves as a constant but ill defined point of reference and in literary
