Beyond Sight Ryan D. Giles,Steven Wagschal,2018-01-01 Beyond Sight edited by Ryan D Giles and Steven Wagschal explores the ways in which Iberian writers crafted images of both Old and New Worlds using the non visual senses hearing smell taste and touch The contributors argue that the uses of these senses are central to understanding Iberian authors and thinkers from the pre and early modern periods Medievalists delve into the poetic interiorizations of the sensorial plane to show how sacramental and purportedly miraculous sensory experiences were central to the effort of affirming faith and understanding indigenous peoples in the Americas Renaissance and early modernist essays shed new light on experiences of pungent bustling ports and city centres and the exotic musical performances of empire This insightful collection covers a wide array of approaches including literary and cultural history philosophical aesthetics affective and cognitive studies and theories of embodiment Beyond Sight expands the field of sensory studies to focus on the Iberian Peninsula and its colonies from historical literary and cultural perspectives

Creative Portuguese Ian Costabile,2017-06-18 The Verb Set method is an innovative approach created by the author that promotes learning through speaking Every set contains six verbs and a practice objective such as mastering a tense or a theme The questions aim to develop conversation and to help to generate other ideas and phrases Through the necessity or curiosity of formulating responses the student actively searches for information contrary to most conventional methods which simply deliver information to a passive student The level of difficulty increases progressively as each section is completed This book was designed for students of Brazilian or European Portuguese

Mundo Del Wampum Barry F. Schnell, 2010-10-14 Actions speak louder than words So the best description of this book would be to pick it up crack it open and start rolling one's eyeballs across the words Or should one be a slave to technology download it and begin scrolling from the top down With either method euphoria will be experienced in approximately 232 pages or an elapsed one hour and forty five minutes whichever comes first This book is everything you want it to be and more It's your faithful hound at your feet It's the lover who never leaves angry It's an elixir for eternal youth You'll have experienced some transformation along the way It's difficult to speculate exactly on what that transformation might be It might not even be palpable for weeks after you've finished the book In many ways you could associate it with an STD But who's to say if that's a positive or negative thing in this crazy old mixed martial arts throw down we call life There I've said it If that doesn't boil it down to simple relatable facts nothing more than I can spew out will Now grasp it firmly and become one

Natural Language Analytics with Generative Large-Language Models Francisco S. Marcondes, Adelino Gala, Renata Magalhães, Fernando Perez de Britto, Dalila Durães, Paulo Novais, 2025-02-13 This book explores the application of generative Large Language Models LLMs for extracting and analyzing data from natural language artefacts Unlike traditional uses of LLMs such as translation and summarization this book focuses on utilizing these models to convert unstructured text into data that can be processed through the data science pipeline to generate actionable insights The content is designed for professionals in diverse fields including cognitive science linguistics management and information systems It combines

insights from both industry and academia to provide a comprehensive understanding of how LLMs can be effectively used for natural language analytics NLA The book details practical methodologies for implementing LLMs locally using open source tools ensuring data privacy and feasibility without the need for expensive infrastructure Key topics include interpretant mindset and cultural analysis emphasizing the use of LLMs to derive soft data qualitative information crucial for nuanced decision making The text also outlines the technical aspects of LLMs including their architecture token embeddings and the differences between encoder based and decoder based models By providing a case study and practical examples the authors show how LLMs can be used to meet various analytical needs making this book a valuable resource for anyone looking to integrate advanced natural language processing techniques into their data analysis workflows **Translating Sensitive**

Texts ,2022-07-04 This volume brings together twenty two of the world s leading translation and interpreting theorists to address the issue of sensitivity in translation Whether in novels or legal documents the Bible or travel brochures in translating ancient texts or providing simultaneous interpretation sensitive subject matter contentious modes of expression and the sensibilities of the target audience are the biggest obstacles to acceptance of the translator s work The contributors bring to bear a wide variety of approaches generative cognitive lexical and functional in confronting this problem and in negotiating the competing claims of source cultures and target cultures in the areas of cultural political religious and sexual sensitivity All of the articles are presented here for the first time and in his Introduction Karl Simms gives an overview of the philosophical and linguistic questions which have motivated translators of sensitive texts through the ages This book will be of interest to all working translators and interpreters and to teachers of translation theory and practice **Cold War in the**

White Cube Delia Solomons,2023-04-28 In 1959 the very year the Cuban Revolution amplified Cold War tensions in the Americas museumgoers in the United States witnessed a sudden surge in major exhibitions of Latin American art Surveying the 1960s boom of such exhibits this book documents how art produced in regions considered susceptible to communist influence was staged on U S soil for U S audiences Held in high profile venues such as the Guggenheim Museum the Walker Art Center MoMA and the Art Institute of Chicago the exhibitions of the 1960s Latin American art boom did not define a single stylistic trend or the art of a single nation but rather attempted to frame Latin America as a unified whole for U S audiences Delia Solomons calls attention to disruptive artworks that rebelled against the curatorial frames purporting to hold them and reveals these exhibitions to be complex contact zones in which competing voices collided Ultimately through multiple means including choosing to exclude artworks with readily decipherable political messages and evading references to contemporary inter American frictions the U S curators who organized these shows crafted projections of Pan American partnership and harmony with the United States as leader interpreter and good neighbor during an era of brutal U S interference across the Americas Theoretically sophisticated and highly original this survey of Cold War era Latin American art exhibits sheds light on the midcentury history of major U S art museums and makes an important contribution to the

fields of museum studies art history and Latin American modernist art
