The Songs of Charles Dibdin, Chronologically Arranged, with Notes, Historical, Biographical, and Critical Charles Dibdin, 1842 The Girl from Gladden Street Jeannette McDonald, 2009-01-12 Sometimes life plays little jokes For Jeannette McDonald growing up in a small town in West Virginia in the 1950s life had three particular jokes in mind naming her after a famous movie star giving her a birthday just after Valentines Day and letting her grow up on a street named Gladdena place as far from glad as Jeannette was from being a movie star Growing up is supposed to be a time of wonder and joy For the girl on Gladden Street the wonder was in discovering that when life plays jokes anything is possible if you keep a healthy attitude Ms McDonald relates that some of lifes harshest realities can lead to new awakenings and a better life Peppered with a series of brief episodic coming of age vignettes that illustrate Ms McDonalds life and much of the American landscape of the 1950s The Girl from Gladden Street provides a reminder that some of our most valuable lessons come from events experienced during the most impressionable times of life **Men of Notes** Don Walker, 2015-09 For most mortal men Broadway would always be shrouded in its own mystique of glamour pomp endless parade of famous men and women and the hidden always larger than life aura of glittering public personalities whose daily activities no one has hardly a clue Men of Notes is an attempt to give flesh and blood to some of those almost ephemeral individuals composers lyricists orchestra conductors working musicians orchestrators music publishers etc The attempt in Men of Notes is actually undertaken by one of those people described above Don Walker is famous for the orchestrations of over 100 Broadway Productions This memoir of his early years in music was meant to be followed by a second book which would have included Music Man Damn Yankees Pajama Game Cabaret and Fiddler on the Roof to name a few But he died too soon in 1989 however the publication has fallen into the hands of his daughter Ann Liebgold From the outset readers would feast in the writing style of the author his lively take on the people he wanted to talk about and the wit and humor he effortlessly delivers just the type that would give people some inkling how perhaps some brains do work in that often forbidding world About the Author Don Walker was a native of Lambertville New Jersey A professional orchestrator composer and conductor Don enjoyed a brilliant reputation in Broadway He attended Ryder College in New Jersey and Wharton at University of Pennsylvania Don died in 1989 at the age of 81 leaving behind his wife Audrey with whom he had a daughter Ann Liebgold and son David Banner folio Septimus Winner, 1890 **American Popular Song Lyricists** Michael Whorf, 2014-01-10 In this volume a companion to American Popular Song Composers 39 leading American lyricists from the Tin Pan Alley Hollywood and Broadway of the 1920s to the 1960s discuss their careers and share the stories of creating many of the most beloved songs in American music Interviewed for radio in the 1970s they include such writing teams as Sammy Cahn and Jule Styne Betty Comden and Adolph Green and Jay Livingston and Ray Evans and such individuals as Harold Adamson E Y Harburg Gus Kahn Leo Robin and Paul Francis Webster Photographs and rare sheet music reproductions accompany the interviews **Kings in Queens** J. Guida,2020-09-21 A short time after my dad s death my slumber began filling with startling sights and scary sounds And they were not just random dreams but recurring nightmares And these night terrors were the inspiration for Kings in Queens a 106 page novella My father a Pearl Harbor survivor died at eighty three after a three week battle with cancer But my dreams were not of my dad but instead of my best friend tragically killed when we were in fourth grade This story describes the ecstasy of school children at recess one day and then their agony the next morning when one student did not return to class For this story I try coming to terms with my friend s death traveling through glimpses of memories both funny and sad growing up in Queens New York and all along paying tribute to my dad my mom and their generation I am also forced into finally accepting a dark family secret I have been told this story is a moving experience and well worth your time After all two family members and one close friend cannot be wrong And with such an overwhelming response I have started a sequel titled Rockaway Beach Blue continuing my search trying to reconnect with my long lost friend Thank you for considering my story

Maritana William Vincent Wallace,1870 *Stephanie, Stephanie, Let Down Your Hair* Tess Marcin,2002-03-29 Can anyone really write a book about self that has a true beginning and a true end I believe one can only write about a time span between the two To encompass more than that must be left to someone else after one is gone So one could call this book a series of essays increments of time within the cycle of life One could call it a series of experiments of lessons as well as of choices made One could also call it a series of philosophical thoughts underscored by life Living a life living the life one human individual no different than any other Acting out life re acting to life we all do it Is one anymore or anyless than another s It depends on the choices made As the reader peruses a chapter here a chapter there the response could very well be Oh I remember that Oh I ve been there Etc etc There is a synchronicity in life it seems and universal mind is part of it Are we different Yes but Are we the same Yes but Reading the book and reliving memories is nostalgia in action How far back can one go when one seeks to remember Amazingly quite a way back Can one remember every word spoken No The writers who say they can remember such detailed conversations have taken literary license with their work Unless they were fortunate to have been able to record everything or to have been able to keep a daily journal in extreme detail Reading about a conversation of some fifty sixty years in such exact detail is suspect It begins to border on fiction So to create and recreate a life in progress it must be understood memories can be fickle Never the less however one manages to gather them together they still make interesting reading Yes a door was opened and what spilled forth revealed the life of one human being The memories in the book do not quite cover a century but they come pretty close It was a period that seemed to take quantum leaps We humans lived it we ooded and aahed through all the events that took place on our watch We were sad and we rejoiced We even had that fleeting thought Will there be a tomorrow as we seemed to be living on the razors edge There was there is there will be If we humans actually begin acting civilized instead of pretending to be **Neanderthal Flute** Robert Fink,1997 *St. George's Gazette* ,1888 Beyond the Notes Susan Tomes,2004 Describes the life of the dedicated

professional musician more vividly and honestly than any other work I've read ALAN RUSBRIDGER Susan Tones a rare example of a leading musician who writes about the craft of performance describes her experience of twenty years of rehearsal concerts and recording Her performing life has been centred on chamber music and the need to communicate it fully to an audience hungry for meaningful musical experience Susan Tones was a founder member and the pianist of both Domus and the Florestan Trio award winning groups at the top of their field Part One is a series of diaries describing their travels and performances Domus in the 1980s with its own portable concert hall struggling to create the conditions for informal but intense concert performances and the Florestan Trio currently one of the world's finest piano trios Part Two is a collection of thought provoking essays about teachers making records practising and rehearsing audiences earning a living and the particular challenges of being a concert pianist Beyond the Notes gives an unusually candid view of the complexities of a life in music SUSAN TOMES alongside her packed concert schedule is a frequent contributor on music and other subjects to the Guardian *Songs For Early Years* Karen Eaves, *Music Trades*, 1919 *Musical Courier*, 1891 Vols for 1957-61 include an additional mid January no called Directory issue 1st 5th ed The 6th ed was published as the Dec 1961 issue The woman in white Wilkie Collins, 1860 Folio, 1871 The Pacific Coast Musician, 1921 Journal of the Fine Arts and Musical World, 1852 *Becoming a One Person Band* Ronald J. Plachno, 2014-05-11 This book *Becoming a One Person Band* gives advice and tips on how to help a person to go from being a keyboard player or perhaps other musician to becoming a one person band of 4 or even as many as 16 instruments This approach does require a home recording studio and some information is provided in this book on possible approaches However there are of course many ways to do a home recording studio and so this book concentrates more on technique and how perhaps to determine what notes or chords to play What do you need A recording studio of course But also a desire to become your own one person band as a hobby or even more than a hobby And while a musician who only plays guitar or non keyboards may go a distance into becoming your own band keyboard background would be even more helpful What kind of keyboard background would a person need If a person has experience with piano organ or accordion or simply a modern day keyboard or keyboard controller and has one already that would be a great start Why the emphasis on keyboards Modern day midi systems or DAW Digital Audio Workstations often take their inputs from keyboards and with that can create many sounds and also sound effects Yes much can be done with guitars and perhaps just writing notes in for other parts but keyboard experience is a great help What talent is needed It would be hard for me to define that I never felt that I was anything special and yet I have accomplished a number of one person band songs with as many as 15 parts and also enjoyed doing it Of course if you have something of a music and band background and also some music theory background it is of course a big help I do wish you the very best in your music endeavor and hope that this book is at least a little helpful to you and your dreams or hobby Ron Plachno author *Watson's Weekly Art Journal*, 1893
