 Drawing Bee participants were often hesitant claiming they did not know how to draw when we began to meet with coffee on
 Monday mornings in Oakville Ontario Canada So I would draw examples of what they could draw from doodling through
 imagining and remembering subjects to complex perspective projections to get them engaged in something other than their
 worrying and depression These drawings were combined into four pamphlets and now into this book This book has all the
 practical information one can use to draw pretty much anything and everything From doodles that develop skills to drawing
 from the imagination and memory to improve observation and further drawing improvement to university level perspective
 drawing theory and practical solutions this book has it all for any novice or experienced artist The intention is to provide a
 great deal of enjoyment from actually drawing EnJOY Fundamentals of Engineering Drawing Cecil Howard Jensen,Jay D.
