Aluminum Upcycled Carl A. Zimring,2017-03-15 Tracing the benefits and limitations of repurposing aluminum Besides being the right thing to do for Mother Earth recycling can also make money particularly when it comes to upcycling a zero waste practice where discarded materials are fashioned into goods of greater economic or cultural value In Upcycling Aluminum Carl A Zimring explores how the metal s abundance after World War II coupled with the significant economic and environmental costs of smelting it from bauxite ore led to the industrial production of valuable durable goods from salvaged aluminum Beginning in 1886 with the discovery of how to mass produce aluminum the book examines the essential part the metal played in early aviation and the world wars as well as the troubling expansion of aluminum as a material of mass disposal Recognizing that scrap aluminum was as good as virgin material and much more affordable than newly engineered metal designers in the postwar era used aluminum to manufacture highly prized artifacts Zimring takes us on a tour of post 1940s design examining the use of aluminum in cars trucks airplanes furniture and musical instruments from 1945 to 2015 By viewing upcycling through the lens of one material Zimring deepens our understanding of the history of recycling in industrial society He also provides a historical perspective on contemporary sustainable design practices Along the way he challenges common assumptions about upcycling s merits and adds a new dimension to recycling as a form of environmental absolution for the waste related sins of the modern world Raising fascinating questions of consumption environment and desire Upcycling Aluminum is for anyone interested in industrial and environmental history discard studies engineering product design music history or antiques

With God As My Partner Pastor Ronald A. Palmer,2019-07-29 In 1972 I felt impressed of the Lord to write a book about my life and ministry He even gave me the title With God As My Partner I voiced my objection in prayer by reminding Him that I had only been preaching for three years and pastoring for one I had no experience in writing but all I heard in return was Not now I went through life with many experiences both good and bad piling up through the years About four years ago my wife said Ron why don t you write a book about your life and ministry I didn t have any good answer for her and since she is my best friend my closest confidant and my dearest prayer partner I gave it some serious thought In the following year I came in contact with three or four others who asked me the same thing In view of this I went to the Lord in sincere prayer and He said Now is the time The book is not really in any chronological order but goes back and forth at times as I remember things Again the only way I could remember times people and names is With God As My Partner I was not striving to produce any item of literary art but something that could be shared with others what God has shared with me through the years It has been an interesting journey and I look forward to continuing it When I gave the book its title it was with a sense of humility and not arrogance I am well aware of the fact that the only way I or anyone else can partner with God is by His grace realizing that it is all for His glory
