

Popcorn Volleyball

*My daughter had tryouts for volleyball
it was a Junior Olympic team
A high level, nerve racking game
but it's great for her self-esteem*

*She practiced many hours
until the time arrived
to go to this big tournament
and show what she had inside*

*We arrived at the tournament center
We didn't know what to expect
The place was the size of a blimp hanger
which lent to a special effect*

*As you looked out over the expanse
It was amazing what you saw
all these volleyballs dancing in air
A popcorn machine at the mall*

Breakthroughs National Writing Project (U.S.),2002 *Breakthroughs* makes a unique contribution to the discussion of
teaching writing The text takes a step back from general concepts and practical lessons to ask Where do good teaching ideas
come from In twenty five essays National Writing Project teachers take readers on the journey that led them to ask and
answer such questions as How can students find the stories that advance their ideas in essays and How can students be
prodded to continue to work beyond a first draft Some of these ideas were inspired by talking with colleagues Others sprang
from desperation But in all cases the writers detail the practical application of their breakthroughs describing not only their
successes but also their glitches While *Breakthroughs* reminds readers of where teaching ideas come from it also provides
nuts and bolts advice in areas of common concern How do we generate student writing What strategies can we use to help
students with problems of form and style How can students find a real audience Can we find fresh ways to respond to and
evaluate student work How can we promote writing in all subject areas Readers of *Breakthroughs* will be rewarded with
many ideas they can bring into their classroom but also like the authors represented in this collection they will be inspired to
create fresh classroom solutions
