Blueprints Hana Ajouz,Collin E. M. Brathwaite,Robert J. Cerfolio,Hersch Leon Pachter,2023-09-23 The idea for the book
emanated from the experience of one of the editors Dr Hana Ajouz who encountered many general surgery residents who
were seeking a good ABSITE review book from which to study and none was found to be truly comprehensive and up to date
There is an immense need for a comprehensive yet concise and easy to use book that has a clear structure and one that
reflects new findings methods and references that current surgical residents will find to be applicable The intentional
structure of the book is simply this capture the most pertinent information for each specialty that is on the SCORE
curriculum and frequently asked on the ABSITE exam and present it to the reader in a capsulized simplified format of charts
or tables Hence in addition to its study friendly structure this review book comprehensively mirrors most contemporary
general surgery curricula It also encompasses key operative steps of wider general surgery procedures which most review
books lack Moreover while most ABSITE review books are written by one or a few authors each chapter in this book is
reviewed authored by someone with expertise in their specialty This compiles the experience of many authorities into one
resource helping general surgery residents stay up to date with the most recent and important concepts in the field
