0610 May June 2014:

The South China Sea C. J. Jenner, Tran Truong Thuy, 2016-09 The South China Sea has long been a source of conflict and represents a core contemporary security issue in the Indo Asia Pacific region This book offers an empirical analysis of the global ocean s most contested maritime territory the South China Sea and its agents of contest *Regionalism and Human Protection* Charles T. Hunt, Noel M. Morada, 2018-11-26 This book provides a detailed examination of how norms concerning human rights civilian protection and prevention of mass atrocities have fared in the regions of Southeast Asia and Africa Originated as a spin off of the journal GR2P vol 8 2 3 2016 it has been enriched with new chapters and revised contents which contrast the different experiences of those regions and investigates the expression of human protection norms in regional organisations and thematic policy agendas as well as the role of civil society mechanisms processes Hunt and Morada have brought together scholar practitioners from across the world The collection identifies a range of insights that provide rich opportunities for south south exchange and mutual learning when it comes to promoting and building capacity for human protection at the regional level

Ethics and Law for Chemical, Biological, Radiological, Nuclear & Explosive Crises Dónal P. O'Mathúna, Iñigo de Miguel Beriain, 2019-04-25 This book provides a current analysis of the legal and ethical challenges in preparing for and responding to chemical biological radiological nuclear and explosive CBRNE crises From past events like the Chernobyl nuclear incident in Russia or the Bhopal chemical calamity in India to the more recent tsunami and nuclear accident in Japan or the Ebola crisis in Africa and with the on going threat of bioterrorism the need to be ready to respond to CBRNE crises is uncontroversial What is controversial is whether we are on a path that adequately prepares us for the next event The ethical and legal scholars in this volume hold that much work remains to be done and offer this book to stimulate further reflection and dialogue around CBRNE crises This is an indispensable book for both students and scholars of bioethics international law public health as well as for regulators and administrators developing policy and legislation related to public health planning and emergency responses

Indefensible Paul Holden, 2017-02-15 Although there is often opposition to individual wars most people continue to believe that the arms industry is necessary in some form to safeguard our security provide jobs and stimulate the economy Not only conservatives but many progressives and liberals support it for these reasons Indefensible puts forward a devastating challenge to this conventional wisdom which has normalised the existence of the most savage weapons of mass destruction ever known It is the essential handbook for those who want to debunk the arguments of the industry and its supporters deploying case studies statistics and irrefutable evidence to demonstrate they are fundamentally flawed both factually and logically Far from protecting us the book shows how the arms trade undermines our security by fanning the flames of war terrorism and global instability In countering these myths the book points to ways in which we can combat the arms trade s malignant influence reclaim our democracies and reshape our economies

Legal Responses to Cyberterrorism Xingxing Wei, 2025-12-08 This

book provides an in depth comparative study of legal responses to cyberterrorism in China and the UK to establish whether the relationship between legal systems and legal responses is necessary or contingent in the case of counter cyberterrorism The work maps out and compares the basic distinctive characteristics of the legal systems in the two countries which are characterised in terms of a contrast between rule by law and rule of law and basic criminal principles It critically and comprehensively examines the basic principles of the legal responses to the perceived threats of cyberterrorism and identifies through comparative analysis any convergence as well as divergence The study seeks to develop an understanding of what is necessary and contingent in the case of the relationship between legal systems and legal responses and considers what else might account for patterns of similarity as well as difference The book presents a distinct and original contribution to socio legal studies generally as well as to criminal justice and criminology in terms of the relationship between legal systems and legal responses to transnational problems such as cyberterrorism It will be a valuable resource for academics researchers and policy makers working in these areas
