Total Focus Brandon Webb, John David Mann, 2017-08-15 What do you do at work when a hundred crises seem to be happening at the same time Do you pick just one priority or try to put out every fire How can you stay composed figure out what really matters and act decisively When former U S Navy SEAL sniper Brandon Webb transitioned to civilian life he struggled to get his first startup business off the ground He raised millions for his new venture only to lose it all as problems spiraled out of his control In the wake of that failure Webb realized that successful entrepreneurs need a skill he had already mastered total focus SEAL snipers define it as the ability to filter out noise and chaos so you can make life or death decisions under the extreme conditions of combat If he could maintain total focus while staring through crosshairs at a man who might or might

not be an Al Qaeda terrorist surely he could do the same in the business world So Webb started over applying total focus to a new startup a media company called Hurricane Group His approach was so effective that in just five years Hurricane grew to have a staff of over fifty an audience in the tens of millions and a valuation of more than 100 million In this book Webb teaches us to make better decisions under extreme pressure by emulating the habits of his fellow warriors as well as other skills he learned on the job and from great friends and business leaders like Solomon Choi of 16 Handles Matt Meeker of BarkBox and Betsy Morgan of the Huffington Post and TheBlaze For instance you ll discover The difference between total focus and tunnel vision is developing total situational awareness the ability to spot opportunities and threats without getting distracted from your goal You can overcome indecisiveness and hesitancy by accepting violence of action a decision to move forward with an imperfect plan knowing that even the best laid plans go wrong Entrepreneurs must learn to embrace the suck refusing to quit when the going gets brutal and recognizing that unexpected challenges may reveal your best shot at success By following the tactics and wisdom of a generation of legendary snipers and business leaders you ll find the clarity of mind you need to accomplish your own mission whatever it takes Profitable Advertising ,1898 Return on Ideas ,
