future development through unique examples and case studies drawn from Turkey which has been increasingly implementing this form of tourism in recent years Given the continued existence of traditional lifestyles in rural areas and villages in addition to the rich cultural heritage local handicrafts and the natural flora and fauna rural tourism holds massive potential for Turkey The volume will appeal to both international academicians and tourism professionals and practitioners in addition to anyone with an interest in rural areas and rural development *Multifunctional Rural Land Management* Floor

Brouwer, C. Martijn van der Heide, 2012-05-16 The increasing demand for rural land and its natural resources is creating competition and conflicts Many interested parties including farmers nature conservationists rural residents and tourists compete for the same space Especially in densely populated areas agriculture recreation urban and suburban growth and infrastructure development exert a constant pressure on rural areas Because land is a finite resource spatial policies which are formulated and implemented to increase the area allocated to one use imply a decrease in land available for other uses As a result at many locations multi purpose land use is becoming increasingly important This notion of multi purpose land use is reflected in the term multifunctionality This volume provides insights into viable strategies of sustainable management practices allowing multiple functions sustained by agriculture and natural resources in rural areas It shows how the rural economy and policies can balance and cope with these competing demands and includes numerous case studies from Europe North America and developing countries
