Journey to a Sound Mind Grace Iksrog, 2025-03-18 At every turn the enemy tried to take Grace out of the game but God Grace endured satanic ritual abuse multiple rapes a bilateral mastectomy financial devastation and extreme emotional abuse The repeated multiple traumas in her life caused her to suffer from MPD DID which she calls her gift from God Her perspective is never one of defeat Even in the midst of life's storms she finds a way to encourage us and add humor Grace walks us through her investigation as she finds the true cause of her paralyzing fear flashes of horror and tormenting internal voices Her journey led her to a strong faith and deep personal relationship with Jesus Christ Enjoy how Grace teaches her sons about God allowing us a front row seat to watch them grow in their faith God never took His hand off from Grace and He will not take His hands off from you This is a story about victory over the enemy and his schemes Grace brings a sense of strength to the process that can only come from God This is a true example of God's provision of hope for all who are hurting and long to be renewed

The Mother in Psychoanalysis and Beyond Rosalind Mayo, Christina Moutsou, 2016-10-04 The question of what it means to be a mother is a very contentious topic in psychoanalysis and in wider society The Mother in Psychoanalysis and Beyond explores our relationship to the maternal through psychoanalysis philosophy art and political and gender studies Over two years a group of psychotherapists and members of the public met at the Philadelphia Association for a series of seminars on the Maternal In the discussions that followed a chasm opened up slowly and painfully between the idealised longings and fantasies we all share and the realities of maternal experiences here were met the great silences of love loss longing memories desire hatred and ambivalence This book is the result of this bringing together in conversation and reflections of what so often seems unsayable about the Mother It examines how issues of personal and gender identity are shaped by the ideals of separation from the mother the fears and anxiety of merging with the mother and how this has often led in psychoanalysis and society to holding mothers responsible for a variety of personal and social ills and problems in which maternal vulnerability is denied and silenced There are two main themes running throughout the book Matricide and Maternal Subjectivity On the theme of matricide several contributors discuss the ways in which the discourse and narratives of the Mother have been silenced on a sociocultural level and within psychoanalysis and philosophy in favour of discourses that promote independence autonomy power and the avoidance and denial of our fundamental helplessness and vulnerability On the theme of maternal subjectivity several chapters look at the actual experience of mothering and our relationship to our mother to highlight the ways in which the maternal is intimately

connected with human subjectivity *The Mother in Psychoanalysis and Beyond* provides new and provocative thinking about the maternal and its place in various contemporary discourses It will appeal to psychoanalysts psychotherapists and psychologists of different schools scholars and advanced students of art gender studies politics and philosophy as well as anyone interested in maternity studies and the relationship between the maternal and human subjectivity *The Clinton Tapes* Taylor Branch, 2010-09-02 The Clinton Tapes was a secret project initiated by Clinton to preserve for future historians an unfiltered record of presidential experience During his eight years in office Clinton met with Taylor Branch in the White House usually late at night to answer questions and tell stories Branch recorded seventy nine of their dialogues to compile a trove of raw information about a presidency as it happened Branch then recorded his own detailed recollections immediately after each session covering not only the subjects discussed but also the look and feel of each evening with the president Their discussions were unpredictable intense and candid At any given moment the president could leap from memories to a current crisis or problems with his daughter s homework The resultant text captures Clinton from many angles Branch s firsthand narrative is confessional unsparing and personal What should an objective prompter say when the President of the United States seeks advice argues facts or lodges complaints against the press The relationship that emerges from these interviews is dynamic both affectionate and charged with flashes of anger and humor President Clinton drives the history but this story is also about two friends
