Annual Human Development Report:

Human Development Report 2023/2024 United Nations Development Programme, 2024-03-13 Today collective action on challenges ranging from climate change mitigation to peace and security is frustratingly slow or stymied altogether Lack of trust and polarization both associated with insecurity exacerbate the gridlock Shared interlinked global challenges like the pandemic and its recovery are outpacing our willingness and our institutions capacities to respond to them Why despite all our riches and technologies are we so stuck How do we get unstuck Is it possible to mobilize action to address globally shared challenges in a world that is intensively polarized The 2023 2024 Human Development Report explores these issues and offers a platform for strategic discussion on how to move beyond narrow zero sum thinking and support cooperation even as we have diverging interests and views The e book for this publication has been converted into an accessible format for the visually impaired and people with print reading disabilities It is fully compatible with leading screen reader technologies such as JAWS and NVDA
