From **The Sign of the Beaver**
by Elizabeth George Speare

Hour after hour, with his bow, Matt tramped through the forest, the dog beside him. There was not much game to hunt these days. More often than not, his snares were empty. Soon the animals would be buried deep in burrows. Twice he had glimpsed a caribou moving through the trees, but he had little hope of bringing down any large animal with his light arrows. Once in a long while he succeeded in shooting a duck or a muskrat. The squirrels were too quick for him. Although the dog was certainly not much of a hunter, he did **occasionally** track down some small creature. But he also had to eat his share, sometimes more than his share, because Matt could not **resist** those beseeching eyes. Truth to tell, they were both hungry much of the time.

Luckily, they would not starve with the pond and creeks **teeming** with fish. Matt knew that for many months of the year fish filled the Indian cookpots. Luckily too, fish were easy to catch, though Matt had to be continually

in sentences. These are Master Words. These are the words you will be working with in this lesson.

twisting and **splicing** new lines from vines and spruce roots. Mornings, now, he had to shatter a skim of ice on the pond. Soon he would have to cut holes with his axe and let his lines down deep. He shivered to think of it.

It was the cold that bothered him most. His homespun jacket was still **sound**, since he had had little use for it in the warm weather. But his **breeches** were **threadbare**. One knee showed naked through a **gaping** hole, and the frayed legs stopped a good five inches above his ankles. His linen shirt was thin as a page of his father's Bible, and so small for him that it threatened to split every time he moved. Even inside the cabin he was scarcely warm enough. The moment he ventured outside his teeth chattered. He thought **enviously** of the Indians' deerskin leggings. But a deer was far beyond his **prowess** as a hunter.

these aims whereas the investigative approach accomplishes all three By teaching content in a purposeful context an inquiry based fashion and a meaningful manner this approach promotes children s mathematical learning in an interesting thought provoking and comprehensible way This teaching guide is designed to help teachers appreciate the need for the investigative approach and to provide practical advice on how to make this approach happen in the classroom It not only dispenses information but also serves as a catalyst for exploring conjecturing about discussing and contemplating the teaching and learning of mathematics

my mom about why bad things happened to good people and good things happened to bad people My moms answer was that God allowed Jesus to die on the cross only to raise him from the dead to glorify his own power She left it to me to figure out the meaning of her words For most of us those with children anyway we find it difficult to imagine allowing our child to be crucified so that the world could bear witness to our power God help us if our children get injured on fields of play If our children get hurt our hearts fill with pain and sadness and we want the world to see us rush to comfort them We grow up learning that people who love us should protect us from unpleasant events that occur daily in our own lives In our house my brothers and sisters seldom felt protected What we felt on most days was hunger jealousy misery envy and multiple kinds of abuse I wrote this book because I believe that in spite of the challenges we face and endure day after day miracles happen every day of our lives however most of the time we dont recognize them when we see them After reading this book my hope is that you will begin to see how God works through people to influence the lives of other people You will learn how to recognize Gods Perfect Timing in your own life and to take action when the time is right If God can bring me through poverty child abuse and special education back from death and homelessness to earning a PhD buying several homes for my family and sending my children to private school then you too should be able to have faith that God has a design on your life and has already blessed you with miracle after miracle
