Democracy and Beauty Robert Gooding-Williams, 2025-06-03 What is beauty and what is its political function In what ways might it help undermine white supremacy and cultivate a more democratic political culture Democracy and Beauty shines a light on W E B Du Bois s attempts to answer these questions during the decade surrounding the First World War and in so doing offers a groundbreaking account of the philosopher s aesthetics Robert Gooding Williams reconstructs Du Bois s defense of the political potential of beauty to challenge oppressive systems and foster an inclusive democracy White supremacy is a powerful force that defies rational revision Du Bois argued because it is rooted in the entrenched routines of its adherents Beauty however has a distinctive role to play in the struggle against white supremacy It can strengthen resolve and ward off despair by showing the oppressed that they can alter their social world and it can unsettle and even transform the pernicious habits that perpetuate white supremacy Gooding Williams also explores Du Bois s account of the interplay among white supremacy Christianity capitalism and imperialism as well as key tensions in his work A rich engagement with Du Bois s philosophy of beauty this book demonstrates the relevance of his social thought and aesthetics to present day arguments about Black pessimism Black optimism and the aesthetic turn in Black studies

China's New Imperialism Yu-Ping Chang, 2023-02-14 This book discusses the nature of China s current international reassertion of itself and the thinking and attitudes which lie behind it It argues that the Chinese leadership has a strongly held view of its own high moral authority which emphasizes inclusion equality and mutual benefits and that this sense of morality underpins the driving forces for

China's foreign policies rationalization of China's overseas activities the overall Chinese worldview and China's vision of a Chinese world order It highlights how the country's outward expansion has been characterized mainly by spreading influence through non use of force and strategies of co operation and managed conflict under the umbrella of winning without fighting A set of Chinese geo strategic reasoning that addresses how the possession of capabilities in land power and sea power will interact to produce favorable balance of power corresponds to the country's pattern of overseas activities The book approaches the subject empirically based on original research into both writings for policy making purposes which indicate realistic assessments of world politics and of China's international capacity and also narratives for public consumption which have less emphasis on selfinterest and realpolitik The book concludes that Beijing's self privileging high morality might have the unfortunate consequence of reinforcing its own behavior which defies international order and which others disapprove of thereby increasing the likelihood of non armed and armed conflicts France and the New Imperialism Bruno

Charbonneau, 2016-04-15 The role of French security policy and cooperation in Africa has long been recognized as a critically important factor in African politics and international relations The newest form of security cooperation a trend which merges security and development and which is actively promoted by other major Western powers adds to our understanding of this broader trend in African relations with the industrialized North This book investigates whether French involvement in Africa is really in the interest of Africans or whether French intervention continues to deny African political freedom and to sustain their current social economic and political conditions It illustrates how policies portrayed as promoting stability and development can in fact be factors of instability and reproductive mechanisms of systems of dependency domination and subordination Providing complex ideas in a clear and pointed manner France and the New Imperialism is a sophisticated understanding of critical security studies Stealing Horses to Great Applause Paul W.
