Teaching children and youth to understand, manage and productively express their emotional intelligence pays big dividends in all areas of their lives and yours. In response to the growing EQ movement, these activity guides have been developed based on the ground-breaking brain and behavioral research on emotional intelligence. The result is a complete emotional literacy program. Each book contains a comprehensive overview of emotional intelligence theory, what it is, why it has become such a hot topic in education and its scientific basis in brain research, plus concrete suggestions for schooling the emotions. Each unit includes a thematic overview, stimulating age-appropriate activities and lively discussion topics. *50 Activities for Developing Emotional Intelligence* Adele B.
