## **Global Trend Cybersecurity:**

Cyber Security 2025 Trends Mark Hayward, 2025-04-23 Advanced Persistent Threats APTs are complex sophisticated cyber threats that infiltrate networks with the specific aim of stealing data or compromising sensitive information over an extended period Unlike traditional cyber attacks which are generally opportunistic and hit and run in nature APTs are characterized by their calculated approach and sustained efforts Attackers behind APTs often take immense time to plan their infiltration using a combination of social engineering malware and zero day exploits to gain access to target environments Once inside they maintain a presence undetected for weeks months or even years establishing themselves in the victim's network to carry out their objectives while remaining hidden from standard security measures *Current Trends in the Global Economy. From the Perspective of Japanese and Polish Economists* Bogusława Drelich-Skulska, Mami Hiraike Okawara, 2021-09-09 The monograph is our latest publication created thanks to the scientific cooperation between Polish and Japanese researchers from the Department of International Business at the Wroclaw University of Economics and Business and Takasaki City University of Economics The results of their research provide an overview of selected trends and challenges present in the global economy As a mosaic of diverse research subjects this book is dedicated to readers who look for multidimensional insights into the modern trends and phenomena occurring in the global economy This monograph is recommended to students of economics who want to acquire knowledge about the selected tendencies and researchers who would like to broaden their knowledge in the area of current trends in the globalized world economy as well as entrepreneurs and business practitioners seeking information about the cultural aspects of the global economic phenomena

### **Cybersecurity Capabilities in**

**Developing Nations and Its Impact on Global Security** Dawson, Maurice, Tabona, Oteng, Maupong, Thabiso, 2022-02-04  
Developing nations have seen many technological advances in the last decade. Although beneficial and progressive, they can lead to unsafe mobile devices, system networks, and Internet of Things (IoT) devices, causing security vulnerabilities that can have ripple effects throughout society. While researchers attempt to find solutions, improper implementation and negative uses of technology continue to create new security threats to users. **Cybersecurity Capabilities in Developing Nations and Its Impact on Global Security** brings together research-based chapters and case studies on systems security techniques and current methods to identify and overcome technological vulnerabilities, emphasizing security issues in developing nations. Focusing on topics such as data privacy and security issues, this book is an essential reference source for researchers, university academics, computing professionals, and upper-level students in developing countries interested in the techniques, laws, and training initiatives currently being implemented and adapted for secure computing. **Cybersecurity Insurance**

**Frameworks and Innovations in the AI Era** Alawida, Moatsum, Almomani, Ammar, Alauthman, Mohammad, 2025-06-25  
As cyber threats grow in frequency and complexity, cybersecurity insurance emerges as a necessity for businesses navigating digital risk. In the AI era, both the nature of attacks and the defense mechanisms evolve rapidly, prompting a transformation in how cyber insurance frameworks are designed and delivered. AI enables more precise risk modeling, faster incident response, and streamlined claims processing, making policies smarter, more adaptive, and data-driven. For businesses, this convergence of cybersecurity and AI-driven insurance innovation offers protection and a competitive edge in managing operational and reputational risk. **Cybersecurity Insurance Frameworks and Innovations in the AI Era** explores cybersecurity insurance as a critical risk management tool for escalating cyber threats. It examines methodologies, challenges, and emerging trends in cybersecurity insurance, bridging the gap between traditional risk management frameworks and cutting-edge technologies like AI and blockchain. This book covers topics such as artificial intelligence, security, and privacy, and data science, and is a useful resource for business owners, computer engineers, security professionals, academicians, researchers, and scientists.

**Global Trends in Governance and Policy Paradigms** Hamdan, Mahani, Anshari, Muhammad, Ahmad, Norainie, Ali, Emil, 2024-04-09  
Major paradigm shifts are occurring at rates that are difficult to keep up with, such as a rise in neoliberalism. Trends include the emergence of new paradigms in response to global challenges, the role of international organizations in promoting new policy paradigms, and the challenges of implementing new policy paradigms in different national contexts. To remain informed, a reference of these shifts is needed. **Global Trends in Governance and Policy Paradigms** dissects the intricate fabric of global governance through the lens of evolving policy paradigms. This book explores key themes that have shaped and continue to influence the trajectory of global policy and contemporary governance. The narrative unfolds by scrutinizing the ascendancy of the neoliberal paradigm and dissecting its impact on global governance structures. Beyond this, the text navigates through the dynamic responses of the international community to emerging global challenges, highlighting

the role of influential international organizations in shaping and propagating innovative policy paradigms This book establishes a comprehensive framework for understanding evidence based policymaking a crucial facet in the evolving discourse of global governance Each chapter meticulously examines diverse dimensions from the intersection of artificial intelligence and public policy to the intricacies of Islamic governance and the implications of emerging technologies on regulatory frameworks
