the effects of precipitation on radar target identification and imaging - Mar 12 2023

web these effects include absorption scatter noise emission phase shift and depolarization the treatment of microwave propagation in the troposphere can be a difficult task even in the case of a clear atmosphere the presence of precipitation along a propagation path adds even further complication to this task

radar reflection refraction scattering britannica - Feb 11 2023

web atmospheric effects as was mentioned rain and other forms of precipitation can cause echo signals that mask the desired target echoes there are other atmospheric phenomena that can affect radar performance as well
