The Heresy of Ham, Revised Edition Joel Edmund Anderson, 2024-11-07

One of the most controversial issues in our society today especially within Evangelicalism is that of the creation evolution debate Over the past few decades Fundamentalist apologists like Ken Ham of the young earth creationist organization Answers in Genesis have made a career convincing people that the age of the Earth and the historicity of Genesis 1:11 are not just bedrock fundamental tenets of the Christian faith but are also crucial fronts in the culture war In *The Heresy of Ham* Joel Edmund Anderson convincingly shows that not only are the YECist claims of Ken Ham unbiblical and unscientific but they have sowed the seeds of strife and division within countless Christian communities He should know he lost his job as a biblical worldview teacher at a small Evangelical school over the issue of YECism Anderson's ultimate message is simple regardless of your position regarding evolution or the interpretation of Genesis 1:11 they are not fundamental to the Christian faith and should not be used as battlefronts in the culture war If you have always had questions about the creation evolution debate the claims of YECism and the way Genesis 1:11 should be interpreted *The Heresy of Ham* is a tremendous resource for anyone struggling coming to grips with these issues

Lawrence Wood, 2009-09-01

Numerous opinion polls reported from time to time in the daily newspaper reveal that approximately 40% of Americans believe in Creationism 40% in Intelligent Design and 20% in Evolution Have you ever wondered why there are three such drastically different explanations of our origin Evolution The Inevitable Consequence of the Need for Species Survival explains why there are three and how and why three were developed Perhaps you are a Creationist you will meet Stephen Geoffrey who was once a Creationist He describes his agonizing reappraisal of his beliefs and eventual abandonment of Creationism Take a look it might change your views The Bible states in Genesis Chapter 7 verse 19 regarding the biblical Flood that the waters prevailed so mightily upon the earth that all the high mountains under the whole heaven were covered

That's a lot of water did it really happen Chapter 9 answers this question by examining the biblical Flood in detail such as the 820 million cubic miles of water required to cover the highest mountains for which there is no credible source If you do not believe in Evolution the powerful and detailed facts in Evolution might cause you to pause and reconsider even if only for a moment
