Trading & Investing 2-in-1 Ebook Bundle Alan Kerrman, 2016-07-21 Investing Trading Bundle Welcome to the volatile stock futures options commodities and forex markets Not long ago I wrote a couple short books on my personal individual investor approach to investing Investing in DRIPs and Trading Options on Tech Stocks These two books are bundled here together specifically because I think these cover the two best ways to approach trading and investing But it wasn't exactly an accident My wife recently rolled out her 401k funds from a former employer's control into her own self-directed account She asked me what course of action I thought she should take and I laughed Didn't you read my books I said Yes she said intensely glaring at me in that loving way only a wife can do So after several conversations a few examples and looking at some options chains she sold puts in a couple stocks First on Target Corp TGT before the year ended which expired worthless in her favor and now she has some Apple AAPL puts at the 100 level which has been tested a couple times Another good friend we saw at a holiday party was asking me what I would do with a small windfall he had recently received Since I'm not a professional financial advisor please understand I don't go around giving advice These are just my spouse and friend asking my opinion so I feel okay showing them what I know I tell them to educate themselves because this stuff isn't too hard to understand Anyway I told my friend all about DRIPs and how it removed a lot of the fear in the market for me because you start to see the incredible benefits of up and down markets just like with options So even if this market is moving toward a minor pullback with increased volatility or a major correction these are two great investing and trading strategies to get under your belt And the time spent learning just how useful they are has been so worth it for me and my family Good luck to you and yours in the upcoming trading year and enjoy these two books included here in their original versions minus a few formatting changes to create this bundle Cryptocurrency Investing: A Comprehensive Guide Zahid Ameer, 2024-07-10
