Index of Trademarks Issued from the United States Patent Office United States. Patent Office, 1947 *State, Class, and Bureaucracy* Leslie A. Pal, 1988-02-01 In reviewing the history of Canadian UI Pal shows that while capital and labour had substantial disagreements over policy their representations to state officials rarely had any decisive impact on policy development The author suggests that bureaucratic forces including organizational ideology and inter agency conflict provide a much richer basis for understanding UI policy evolution The actuarial ideology of the Commission explains the conservative dynamic in UI development while bureaucratic rivalry which culminated in victory by the Department of Labour explains the expansionary thrust particularly the addition of social welfare aspects In his discussion of federalism Pal shows that intergovernmental bargaining has had a surprising effect by the mid 1970s representations from the provinces counted for as much as if not more than those from employers and employees Analysis of UI thus favours state centred explanations over society centred ones and suggests that we have overestimated the degree to which government simply responds to external pressures in making policy Autonomous and distinct forces within the state also greatly effect policy evolution

The Loneliness of the Black Republican Leah Wright Rigueur, 2016-08-02 The story of black conservatives in the Republican Party from the New Deal to Ronald Reagan Covering more than four decades of American social and political

history The Loneliness of the Black Republican examines the ideas and actions of black Republican activists officials and politicians from the era of the New Deal to Ronald Reagan s presidential ascent in 1980 Their unique stories reveal African Americans fighting for an alternative economic and civil rights movement even as the Republican Party appeared increasingly hostile to that very idea Black party members attempted to influence the direction of conservatism not to destroy it but rather to expand the ideology to include black needs and interests As racial minorities in their political party and as political minorities within their community black Republicans occupied an irreconcilable position they were shunned by African American communities and subordinated by the GOP In response black Republicans vocally and at times viciously critiqued members of their race and party in an effort to shape the attitudes and public images of black citizens and the GOP And yet there was also a measure of irony to black Republicans loneliness at various points factions of the Republican Party such as the Nixon administration instituted some of the policies and programs offered by black party members What s more black Republican initiatives such as the fair housing legislation of senator Edward Brooke sometimes garnered support from outside the Republican Party especially among the black press Democratic officials and constituents of all races Moving beyond traditional liberalism and conservatism black Republicans sought to address African American racial experiences in a distinctly Republican way The Loneliness of the Black Republican provides a new understanding of the interaction between African Americans and the Republican Party and the seemingly incongruous intersection of civil rights and American conservatism
