MARKING GUIDELINES

ACCOUNTING PAPER 1 (10711)

MARKING PRINCIPLES:

1. Unless otherwise stated in the marking guidelines, penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item (no penalty for misplaced item). No double penalty applied.
2. Penalties for placement or poor presentation (e.g. details) are applied only if the candidate is earning marks on the figures for that item.
3. Full marks for correct answer. If answer incorrect, mark the workings provided.
4. If a pre-adjustment figure is shown as a final figure, allocate the part-mark for the workings for that figure (not the method mark for the answer). Note: If figures are stipulated in memo for components of workings, these do not carry the method mark for final answer as well.
5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or – sign or bracket is provided, assume that the figure is positive.
6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
7. Where penalties are applied, the marks for that section of the question cannot be a final negative.
8. Operation means 'check operation'. 'One part correct' means operation and one part correct. Note: Check operation must be +, -, x, ÷, or per memo.
9. One part correct means 'operation and one part correct'. Where one part correct, the marker must inspect the reasonableness of must be correct before awarding the mark. If a figure has earned regarded as 'one part correct'.
10. In calculations, do not award marks for workings if numerator also applies to ratios.
11. In awarding method marks, ensure that candidates do not get it incorrect at least in part. Indicate with a ☒.
12. Be aware of candidates who provide valid alternatives beyond t
13. Codes: f = foreign item; p = placement/presentation.

The Accounting Review William Andrew Paton,1949 Includes section Reviews *Development and Preliminary Validation of the Electronic Data Processing Test-63* William B. Lecznar,John K. Klesch,1965 As a result of increasing automation of Air Force records it is necessary to identify airmen who can be trained to handle new electronic data processing equipment The Electronic Data Processing Test 63 EDPT63 was developed to meet this need The test is composed of 4 subtests Arithmetic Reasoning Figure Analogies Number Series and Verbal Analogies This report covers the development and initial validation of EDPT 63 for technical courses 685X0 and 687X0 The test s effectiveness was compared to other possible predictors such as the aptitude indexes of the Airman Qualifying Examination education and the Armed Forces Qualification Test AFQT EDPT 63 was found to have substantial validity for all of the samples available In many instances it was the best single predictor and when its 4 subtests were optimally weighted they yielded a substantially higher multiple correlation than all other predictors combined The next most effective predictor was the General Aptitude Index of the Air Qualifying Examination **The Internationalisation of Legal Education** Christophe Jamin,William van Caenegem,2016-04-30 This volume provides an overview of the state of internationalisation of legal education IOLE in many civil law and common law countries It provides a picture of the status of the debate about the shape and degree of internationalisation in the curriculum in the different countries and the debates surrounding the adoption of a more international approach to legal education in the contemporary world It is a compilation of the National Reports submitted for the August 2014 Congress of the IACL held at Vienna and contains an introductory general report Together the reports examine such questions as Why is the topic of internationalization of legal education on the agenda now Why is it a relevant subject for examination today Does the topic generate the same level of interest everywhere in the world Is enthusiasm for IOLE mainly driven by the academic sector by government by multinational corporations Is the interest closely linked with the globalization of the practice of law Or is globalisation of law itself something of a myth or a reality reserved for only a very small percentage of practising lawyers around the world The general and national reports make clear that there is indeed widespread interest in IOLE and numerous disparate initiatives around the world Nonetheless some National Reporters state that the topic is simply not on the agenda at all All in all the volume shows that the approaches to internationalisation are many and varied but every jurisdiction recognises the importance of introducing aspiring lawyers to a more integrated global environment **BLS Report** ,1916 **Labor Law and Practice in Denmark** United States.
