A Global History of Runaways Marcus Rediker, Titas Chakraborty, Matthias van Rossum, 2019-07-30 During global capitalism's long ascent from 1600-1850 workers of all kinds slaves indentured servants convicts domestic workers soldiers and sailors repeatedly ran away from their masters and bosses with profound effects *A Global History of Runaways* edited by Marcus Rediker Titas Chakraborty and Matthias van Rossum compares and connects runaways in the British Danish Dutch French Mughal Portuguese and American empires Together these essays show how capitalism required vast numbers of mobile workers who would build the foundations of a new economic order At the same time these laborers challenged that order from the undermining of Danish colonization in the seventeenth century to the igniting of civil war in the United States in the nineteenth

Black Convicts Santilla Chingaipe, 2024-10-30 Longlisted for the 2025 Stella Prize Readings Best Books of 2024 Non Fiction The story of Australia's Black convicts has been all but erased from our history In recovering their lives Santilla Chingaipe offers a fresh understanding of this fatal shore showing how empire slavery race and memory have shaped our nation The defining read of the decade This is a work of global significance

Meanjin On the First Fleet of 1788 at least 15 convicts were of African descent By 1840 the number had risen to almost 500 Among them were David Stuurman a revered South African chief transported for anti colonial insurrection John Caesar who became Australia's first bushranger Billy Blue the stylishly dressed ferryman who gave his name to Sydney's Blues Point and William Cuffay a prominent London Chartist who led the development of Australia's labour movement Two of the youngest were cousins from Mauritius girls aged just 9 and 12 sentenced over a failed attempt to poison their mistress But although some of these lives were documented and their likenesses hang in places like the National Portrait Gallery even their descendants are often unaware of their existence By uncovering lives whitewashed out of our history in stories spanning Africa the Americas and Europe *Black Convicts* also traces Australia's hidden links to slavery which both powered the British Empire and inspired the convict system itself Situating European settlement in its global context Chingaipe shows that the injustice of dispossession was driven by the engine of labour exploitation *Black Convicts* will change the way we think about who we are

The Last Outlaws Katherine Biber, 2025-07-02 Brilliantly reconstructed from contemporary narratives *The Last Outlaws* is both a gripping work of historical true crime and a richly revealing examination of our nation at its birth The Chant of Jimmie Blacksmith meets *Killing for Country* In the winter of 1900 Wiradjuri man Jimmy Governor and his brother Joe murdered nine people across New South Wales in a rampage that caused panic in the colony on the cusp of nationhood Triggered it seems by a racist incident they killed men women and children evading a vast manhunt until they were eventually captured Joe was shot in the open Jimmy survived to be put on trial Thus

the last man to be outlawed in the colony was hanged in the new nation meeting his end in Darlinghurst Gaol as the Federation decorations were taken down The brothers names still resonate partly due to Thomas Keneally's novel *The Chant of Jimmie Blacksmith* and Fred Schepisi's subsequent film but their story has remained distorted and obscure Undertaken with the co-operation of the Governors descendants Katherine Biber's compelling reconstruction of events from the murders themselves to Jimmy's eventual execution brings this extraordinary story back to life In doing so it sheds fresh vivid light on the country that inspired and reacted to the murders Not only did many of the lawyers and politicians involved also play key roles in Federation but the case revealed in microcosm the psychology of the nascent nation its attitudes to land and race its anxiety about a wider First Nations insurrection its obsession with paperwork and the emerging sciences of neuroanatomy and criminology its nepotism religiosity sweeping police powers and sensationalist media More powerfully than the story of Ned Kelly or the Anzacs the fate of Jimmy Governor illuminates the origin story of the Australian nation Populated by a cast of extraordinary characters and compelling detail *The Last Outlaws* brings the energy of true crime into the telling of history offering an electric new understanding of both our past and our present **Energy Research Abstracts** ,1994 *History After the Three Worlds* Arif Dirlik,Vinay Bahl,Peter Gran,2000-11-22 This ambitious volume provides a comparative perspective on the challenges facing the discipline of history as Eurocentrism fades as a lens for viewing the world Exploring the state of history and the struggle over its ownership throughout the world the authors address the issues of globalization postmodernism and postcolonialism that have been largely ignored by practicing historians despite their importance to cultural studies and their relevance to history Engaging in a vigorous critique of Eurocentrism the volume at the same time reaffirms the importance of historical ways of knowing **Brief Review** Gordon Korman,2004 **American Military Communities in West Germany** John W.
