The Third Option Loch K. Johnson, 2022 Introduction The subterranean world of clandestine interventions The forms of covert action A ladder of clandestine escalation A shadowy foreign policy 1947 1960 Murder most foul 1960 1975 A new approach to covert action 1975 2000 The third option in an age of terror 2000 2020 Legal foundations Decision paths and accountability Drawing bright lines ethics and covert action The third option reconsidered **Constructing Allied Cooperation** Marina E. Henke, 2019-10-15 How do states overcome problems of collective action in the face of human atrocities terrorism and the threat of weapons of mass destruction How does international burden sharing in this context look like between the rich and the poor the big and the small These are the questions Marina E Henke addresses in her new book **Constructing Allied Cooperation** Through qualitative and quantitative analysis of 80 multilateral military coalitions Henke demonstrates that coalitions do not emerge naturally Rather pivotal states deliberately build them They develop operational plans and bargain suitable third parties into the coalition purposefully using their bilateral and multilateral diplomatic connections what Henke terms diplomatic embeddedness as a resource As **Constructing Allied Cooperation** shows these ties constitute an invaluable state capability to engage others in collective action they are tools to construct cooperation Pulling apart the strategy behind multilateral military coalition building Henke looks at the ramifications and side effects as well As she notes via these ties pivotal states have access to private information on the deployment preferences of potential coalition participants Moreover they facilitate issue linkages and side payments and allow states to overcome problems of credible commitments Finally pivotal states can use common institutional contacts IO officials as cooperation brokers and they can convert common institutional venues into fora for negotiating coalitions The theory and evidence presented by Henke force us to revisit the conventional wisdom on how cooperation in multilateral military operations comes about The author generates new insights with respect to who is most likely to join a given multilateral intervention what factors influence the strength and capacity of individual coalitions and what diplomacy and diplomatic ties are good for Moreover as the Trump administration promotes an America First policy and withdraws from international agreements and the United Kingdom completes Brexit **Constructing Allied Cooperation** is an important reminder that international security cannot be delinked from more mundane forms of cooperation multilateral military coalitions thrive or fail depending on the breadth and depth of existing social and diplomatic networks
