New Directions in South African Tourism Geographies Jayne M. Rogerson, Gustav Visser, 2019-09-26 This book provides an overview of innovative and new directions being chartered in South African tourism geographies Within the context of global change the volume explores different facets and different geographies of tourism Key themes under scrutiny include the sharing economy the changing accommodation service sector touring poverty tourism and innovation tourism and climate change threats to sustainability inclusive tourism and a number of studies which challenge the present mindedness of much tourism geographical scholarship The 18 chapters range across urban and rural landscapes in South Africa with sectoral studies which include adventure tourism coastal tourism cruise tourism nature based tourism sports tourism and wine tourism Finally the volume raises a number of policy and planning issues in the global South in particular relating to sustainability local economic development and poverty reduction Outlining the impact of tourism expansion in South Africa and suggesting future research directions this stimulating book is a valuable resource for geographers as well as researchers and students in

the field of tourism studies **Federal Register** ,2012-04 **The Rise of the Creative Class--Revisited** Richard Florida,2014-01-07 A provocative new way to think about why we live as we do today and where we might be headed Initially published in 2002 The Rise of the Creative Class quickly achieved classic status for its identification of forces then only beginning to reshape our economy geography and workplace Weaving story telling with original research Richard Florida identified a fundamental shift linking a host of seemingly unrelated changes in American society the growing importance of creativity in people s work lives and the emergence of a class of people unified by their engagement in creative work Millions of us were beginning to work and live much as creative types like artists and scientists always had Florida observed and this Creative Class was determining how the workplace was organized what companies would prosper or go bankrupt and even which cities would thrive In The Rise of the Creative Class Revisited Florida further refines his occupational demographic psychological and economic profile of the Creative Class incorporates a decade of research and adds five new chapters covering the global effects of the Creative Class and exploring the factors that shape quality of place in our changing cities and suburbs Coronavirus Disease (COVID-19): Psychoeducational Variables Involved in the Health Emergency Jesus de la Fuente,Douglas F. Kauffman,Michael S. Dempsey,Yashu Kauffman,2022-11-08 The American Middle Class Robert S. Rycroft,2017-05-12 What is the American Dream This book s author argues that contrary to what many believe it is not achieving the wealth necessary to enter the top one percent but rather becoming members of the great middle class by dint of hard work and self discipline Americans of all classes consider themselves to be middle class There are Americans who by any objective standard should be considered poor who would insist they are middle class just as other Americans who should be considered wealthy also insist they are middle class Thinking of yourself and being thought of by others as middle class is the American Dream for tens of millions of people But an enduring problem of the American middle class is the worry that the Dream is coming apart that forces are lurking in the shadows waiting to steal their progress and throw them back into poverty This thought provoking reference explores a disparate multitude of issues associated with being middle class in America It addresses a range of questions and subtopics including the meaning of the term middle class how middle class status is expressed by both the majority and the various minorities that make up the American mosaic what economic pressures are bearing down on the middle class and how economists and others attempt to make sense of the economic issues of the day Readers will also better understand how political institutions and public policies are shaping the way the middle class views the world how labor housing education and crime related issues have influenced the development and growth of the middle class the norms of the middle class versus those of other classes in society and the role of culture and media in shaping how members of the middle class view themselves and how they are viewed by others This two volume set provides a comprehensive look at the American middle class that supports student research in economics social studies cultural studies and political history The content supports teachers in their development of lesson plans and assignments that

directly align with the Common Core State Standards and the recommendations of the National Curriculum Standards for Social Studies NCSS with respect to all ten NCSS themes The Oxford Handbook of Local Competitiveness David B. Audretsch, Albert N. Link, Mary Lindenstein Walshok, 2015-08-03 The local levels of economies have felt the impact of technological change and globalization These forces have triggered the need to understand the dynamic mechanisms that enable locales to respond to such changes For example the downsizing of traditional employers because of a major loss in market share due to new competitors acquisition by global firms or off shoring of production or services was traditionally thought to be beyond the scope of powers of local policy makers thinkers and business leaders In the world of practice those concerned about the economic performance of place city region or state are increasingly focused on how to adapt to these trends and leverage their existing resources to respond to these global challenges as a positive opportunity The Oxford Handbook of Local Competitiveness brings together some of the leading minds in the fields of business economics and the social sciences to identify articulate and analyze what influences and shapes local competitiveness and what places can do to enhance their economic performance The contributors to the Handbook provide a body of systematic analyses suggesting that the local context is a critical element of the forces that shape competitiveness The challenges to generate and sustain economic performance vary across places and the factors and conditions that either enhance or impede competitiveness also are place specific Finally the characteristics and nature of what constitutes success also vary across places This Handbook is essential reading material for academics in the fields of economics and public policy as well as business leaders who hope to gain a more in depth understanding of their field Informative and intellectually rigorous The Oxford Handbook of Local Competitiveness is the definitive volume of scholarly analysis regarding the relationship between place and economic competition **Daily Graphic** Kingsley Inkoom, 2014-09 **Proceedings of the 2nd Lawang Sewu International Symposium on Humanities and Social Sciences 2023 (LEWIS HUSO 2023)** Eko Yuliyanto, Testiana Deni Wijayatiningsih, Heri Dwi Santoso, Budi Tri Santosa, 2024-07-18 This is an open access book 2nd Lawang Sewu International Symposium 2023 on Humanities and Social Sciences LEWIS HUSO 2023 is an annual international symposium held by Universitas Muhammadiyah Semarang that took place by online format zoom meeting conference on 27 November 2023 in Semarang Central Java Indonesia LEWIS HUSO 2023 is intended to provide a forum for lecturers professionals researchers and students to collaborate explore opportunities and exchange valuable insights to shape a sustainable future through cutting edge innovations and dynamic discourses in technology Study focused on Humanities and Social sciences are welcome The submitted papers must meet the criteria including originality novelty not yet published and must be written in English The conference program will feature main speakers invitees and oral sessions To increase dissemination and visibility of research findings accepted papers will be published in Atlantis Press Proceedings *Envisioning Human Geographies* Paul Cloke, Philip Crang, Mark Goodwin, 2014-02-24 Bringing together many of the leading human geographers from around

the English speaking world *Envisioning Human Geographies* offers a series of personal visions for the future of human geography The result is a vigorous and far sighted debate about what human geography could and should be concerned with in the twenty first century The individual contributors develop their arguments to address the shape and direction of human geographies with each chapter looking forward and envisioning an intellectual future for the subject The result is a set of powerful statements written around the themes of space nature enclosure political economy non representation post colonialism feminism post structuralism computation morality spirituality activism The statements are tied via an introduction that discusses the ideological academic and aesthetic prompts that fire the human geographical imagination *Envisioning Human Geographies* maps out important new territories of enquiry for human geography and is essential reading for all students studying the nature and philosophy of the subject *Resilience and Regional Development* Gabriela C. Pascariu, Ramona Țigănașu, Karima Kourtit, Peter Nijkamp, 2023-08-14 Interdisciplinary in its approach with expert contributors from diverse backgrounds *Resilience and Regional Development* brings to light the significance of multiple dimensions of resilience and its implications for the economy **Emergent Possibilities for Global Sustainability** Phoebe Godfrey, Denise Torres, 2016-06-17 It must be acknowledged that any solutions to anthropogenic Global Climate Change GCC are interdependent and ultimately inseparable from both its causes and consequences As a result limited analyses must be abandoned in favour of intersectional theories and practices *Emergent Possibilities for Global Sustainability* is an interdisciplinary collection which addresses global climate change and sustainability by engaging with the issues of race gender and class through an intersectional lens The book challenges readers to foster new theoretical and practical linkages and to think beyond the traditional and oftentimes reductionist environmental science frame by examining issues within their turbulent political cultural and personal landscapes Through a variety of media and writing styles this collection is unique in its presentation of a complex and integrated analysis of global climate change and its implications Its companion book *Systemic Crises of Global Climate Change* addresses the social and ecological urgency surrounding climate change and the need to use intersectionality in both theory and practice This book is a valuable resource for academics researchers and both undergraduate and post graduate students in the areas of Environmental Studies Climate Change Gender Studies and International studies as well as those seeking a more intersectional analysis of GCC *Make Your People Before You Make Your Products* Paul Turner, Danny Kalman, 2014-09-09 Your people hold the key to your business success *Make Your People Before You Make Your Products* is an authoritative guide to the evolution of talent management Written specifically for HR professionals this book describes how organizations can gain a global competitive edge through better management of talent resources With a practice based philosophy readers will learn more effective talent management strategies for a complex market in which people are often the only competitive advantage Inclusivity is emphasized and discussion centres on innovative dynamic fluid approaches to talent acquisition development and retention In today s market environment talent

has moved from audience to community while leadership has shifted from control to empowerment Traditional linear approaches to talent management are falling short and directing resources solely to senior management and HIPOs is no longer a valid strategy This book provides practical guidance on more modern approaches helping organizations to Attract and retain the best talent by expanding talent resource management Augment traditional management methods with more dynamic techniques Develop a talent strategy that recognizes the new diversity of supply and demand Consider the evolving roles of talent and leadership in a global context Contextual changes in workplace dynamics necessitate an updated approach for keeping the best people on board and using them to their utmost potential Talent management is a driving force behind an organization s success affecting outcomes by every major metric if the strategy becomes stale success is no longer sustainable Make Your People Before You Make Your Products is guide toward developing an organization s greatest asset
