Partition's First Generation Amber H. Abbas,2022-05-19 The Mohammadan Anglo Oriental College MAO that became the Aligarh Muslim University AMU in 1920 drew the Muslim elite into its orbit and was a key site of a distinctively Muslim nationalism Located in New Dehli the historic centre of Muslim rule it was home to many leading intellectuals and reformers in the years leading up to Indian independence During partition it was a hub of pro Pakistan activism The graduates who came of age during the anti colonial struggle in India settled throughout the subcontinent after the Partition They carried with them the particular experiences values and histories that had defined their lives as Aligarh students in a self consciously Muslim environment surrounded by a non Muslim majority This new archive of oral history narratives from seventy former AMU students reveals histories of partition as yet unheard In contrast to existing studies these stories lead across the boundaries of India Pakistan and Bangladesh Partition in AMU is not defined by international borders and migrations but by alienation from the safety of familiar places The book reframes Partition to draw attention to the ways individuals experienced ongoing changes associated with partitioning the process through which familiar spaces

and places became strange and sometimes threatening and they highlight specific never before studied sites of disturbance distant from the borders **This Love** Z A Bukhari,2014-10-23 At their school in Pakistan no girl or boy of senior section is allowed to talk to each other But Sara admires the boy Omer from afar Though her thoughts should be focused on schooling she cant help thinking about this boy She wonders if love is a drug she doesnt know love but she believes she is taking the drug At the same time Omer catches a glimpse of Sara He too must excel at school to please his parents He believes love can never be harmful but likens premature love to something like premature delivery In *This Love* the author Z A Bukhari explores the social atmosphere of the contemporary love from several perspectives focusing on Sara and Omer both raised in traditionally Pakistani ways Moreover it tells of the importance of faith fate and family roots and freshness of ones first love

Optimization, Profitability, and Ecosystem Assessment Henry Yabbey Sintim, Khurram Shahzad, Xinhua Yin
Yin, 2025-03-25 Proper nutrient management is essential for optimizing plant growth and productivity while minimizing environmental impact. Traditional nutrient management practices often rely on fixed application rates as determined from soil test analyses and other non-plant based factors without considering the dynamic nutrient requirements of plants. Adaptive nutrient management systems aim to address this issue by integrating precision agriculture data driven approaches and advanced technologies to optimize nutrient application strategies. These systems take into account factors such as in-season soil and crop conditions as well as other environmental variables to tailor nutrient inputs for increased plant productivity, reduced nutrient losses, and maximum economic profitability. **Hilāl**, 2014
