Global Financial Development Report 2014 World Bank Group, 2013-11-07 The second issue in a new series *Global Financial Development Report 2014* takes a step back and re examines financial inclusion from the perspective of new global datasets and new evidence It builds on a critical mass of new research and operational work produced by World Bank Group staff as well as outside researchers and contributors Research Handbook on Behavioral Law and Economics Joshua C. Teitelbaum, Kathryn Zeiler, 2018-03-30 The field of behavioral economics has contributed greatly to our understanding of human decision making by refining neoclassical assumptions and developing models that account for psychological cognitive and emotional forces The field s insights have important implications for law This Research Handbook offers a variety of perspectives from renowned experts on a wide ranging set of topics including punishment finance tort law happiness and the application of experimental literatures to law It also includes analyses of conceptual foundations cautions limitations and proposals for ways forward **Capitalism without Capital** Jonathan Haskel, Stian Westlake, 2018-10-16 Early in the twenty first century a quiet revolution occurred For the first time the major developed economies began to invest more in intangible assets like design branding and software than in tangible assets like machinery buildings and computers For all sorts of businesses the ability to deploy assets that one can neither see nor touch is increasingly the main source of long term success But this is not just a familiar story of the so called new economy Capitalism without Capital shows that the growing importance of intangible assets has also played a role in some of the larger economic changes of the past decade including the growth in economic inequality and the stagnation of productivity Jonathan Haskel and Stian Westlake explore the unusual economic characteristics of intangible investment and discuss how an economy rich in intangibles is fundamentally different from one based on tangibles Capitalism without Capital concludes by outlining how managers investors and policymakers can exploit the characteristics of an intangible age to grow their businesses portfolios and economies Doing Business 2015 World Bank, 2014-10-24 Twelfth in a series of annual reports comparing business regulation in 189 economies *Doing Business 2015* measures regulations affecting 10 areas of everyday business activity Starting a business Dealing with construction permits Getting electricity Registering property Getting credit Protecting minority investors Paying taxes Trading across borders Enforcing contracts Resolving insolvency Labor market regulations This year s report will present data for a second city for the 11 economies with more than 100 million inhabitants These are Bangladesh Brazil China India Indonesia Japan Mexico Nigeria Pakistan the Russian Federation and the United States Three of the 10 topics covered have been expanded with further plans to expand on five additional indicators in next year s report Additionally the *Doing Business* rankings are now based on the distance to the frontier measure where each economy is evaluated based on how close their business regulations are to the best global practices This provides a more precise view of each economy s performance and its improvement over time The report updates all indicators as of June 1 2014 ranks economies on their overall ease of doing

business and analyzes reforms to business regulation identifying which economies are strengthening their business environment the most Doing Business illustrates how reforms in business regulations are being used to analyze economic outcomes for domestic entrepreneurs and for the wider economy It is a flagship product produced in partnership by the World Bank and IFC that garners worldwide attention on regulatory barriers to entrepreneurship More than 60 economies have used the Doing Business indicators to shape reform agendas and monitor improvements on the ground In addition the Doing Business data has generated over 2 000 articles in peer reviewed academic journals since its inception Right to Education Act Kurian, Oommen C, Parvati, Pooja, A conscious neglect of school education in the initial decades of independent India is termed by Dreze and Sen 2013 as a home grown folly Public services like education are key to nurture participatory growth as well as to ensure that growth improves peoples living conditions However India s highly privatised and compartmentalised education system largely unaccountable to the public offers very different opportunities for various social groups and perpetuates social inequalities instead of reducing them Three out of four children currently out of school in India are either Dalit 32.4% Muslim 25.7% or Adivasi 16.6% Enactment of the landmark RTE legislation has triggered significant improvements but evidence shows that quality has often been neglected While concerns regarding privatisation of education remain RTE Act offers a first step towards an educational system in India that offers access equity and inclusion of all children

government toward pluriscalar global governance the logic of employment relations has shifted to a flexibility paradigm the logic of teacher education has shifted from the transmission of knowledge in teacher education to teachers lifelong learning In line with the objective to analyze the governance of the teaching profession in the contemporary context of major societal changes and globalizing processes this book is organized into three parts focusing on teacher policies as global governance and public policy teacher labor markets employment relations and careers and the institutional transformations in the world of work and employment and the reconfiguration of teachers work and the learning of teachers Its contributors use different methodological approaches to draw on a range of case studies and analyses of national regional and global patterns A timely and important contribution to discussions of the future of the teaching profession across the world the World Yearbook of Education 2025 is ideal reading for policymakers the professional teaching community researchers graduate students and anyone interested in education policy related areas such as public policy comparative education and sociology of education

Resources in Education, 1985 Serves as an index to Eric reports microform *Industrialization and Economic Diversification* Banji Oyelaran-Oyeyinka, Kaushalesh Lal, 2022-04-19 Economic diversification entails a shift away from a single income source toward multiple income sources from an increasing spectrum of sectors and markets A persistent concern for some Asian and African economies is their reliance on commodity exports and how they are exposed to the risk of export volatility and income instability The Covid 19 pandemic and previous oil crashes have demonstrated the adverse impact on such economies This book provides a systemic analysis of sustainable economic development through economic diversification The book analyzes diversification and development experiences from comparative perspectives of Asia and Africa It also investigates determinants of export diversification differentiated by commodities dependence versus manufactured products and looks at the roles of various institutions and governance of institutions in export diversification This book will provide policy insights into how different degrees of specialisation in exports across countries have affected outcomes in terms of living standards economic growth and employment Research Handbook on Digital Transformations F. Xavier Olleros, Majlinda Zhegu, 2016-09-30 The digital transition of our economies is now entering a phase of broad and deep societal impact While there is one overall transition there are many different sectoral transformations from health and legal services to tax reports and taxi rides as well as a rising number of transversal trends and policy issues from widespread precarious employment and privacy concerns to market monopoly and cybercrime They all are fertile ground for researchers as established laws and regulations organizational structures business models value networks and workflow routines are contested and displaced by newer alternatives This Research Handbook offers a rich and interdisciplinary synthesis of some of the current thinking on the digital transformations underway *New Industrial Urbanism* Tali Hatuka, Eran Ben-Joseph, 2022-03-07 Since the Industrial Revolution cities and industry have grown together towns and metropolitan regions have evolved around factories and expanding industries New Industrial Urbanism explores the evolving and future

relationships between cities and places of production focusing on the spatial implications and physical design of integrating contemporary manufacturing into the city The book examines recent developments that have led to dramatic shifts in the manufacturing sector from large scale mass production methods to small scale distributed systems from polluting and consumptive production methods to a cleaner and more sustainable process from broad demand for unskilled labor to a growing need for a more educated and specialized workforce to show how cities see new investment and increased employment opportunities Looking ahead to the quest to make cities more competitive and resilient New Industrial Urbanism provides lessons from cases around the world and suggests adopting New Industrial Urbanism as an action framework that reconnects what has been separated people places and production Moving the conversation beyond the reflexively negative characterizations of industry more than two centuries after the start of the Industrial Revolution this book calls to re consider the ways in which industry creates places sustains jobs and supports environmental sustainability in our cities This book is available as Open Access through <https://www.taylorfrancis.com>
