Discourse on the Move Douglas Biber, 2007. Discourse on the Move is the first book length exploration of how corpus based methods can be used for discourse analysis applied to the description of discourse organization. The primary goal is to bring these two analytical perspectives together undertaking a detailed discourse analysis of each individual text but doing so in terms that can be generalized across all texts of a corpus. The book explores two major approaches to this task: top down and bottom up. In the top down approach the functional components of a genre are determined first and then all texts in a corpus are analyzed in terms of those components. In contrast, textual components emerge from the corpus analysis in the bottom up approach and the discourse organization of individual texts is then analyzed in terms of linguistically defined textual categories. Both approaches are illustrated through case studies of discourse structure in particular genres: fund raising letters, biology/biochemistry research articles and university classroom teaching.

School for Spirits: Hidden Warrior Aron Lewes, 2025-11-11. Archangel Gabriel returns to Willa Reese, the cancer patient who seems to be a magnet for Maledarchs. He's convinced that Willa or someone in her life is his connection to a high ranking demon. However, if he doesn't uncover a clue before Willa passes away, he loses his lead. Meanwhile, Archangel Metatron is living on Earth as a man named Ronald Glum. When he unexpectedly finds himself in a psych ward, he meets one of Willa's nieces, Kala, and launches an investigation of his own and possibly a romance. Like the previous book, School for Spirits, Hidden Warrior features a more adult set of characters. Content warning: Suicide attempt.

The Sincerest Form of Parody John Benson, 2012-04-02. The best and funniest material from the bandwagon jumping MAD imitators with work by Jack Davis, Will Elder, Dick Ayers, Bill Everett, Jack Kirby and many more, plus expert commentary. Casual comics readers are probably familiar with the later satirical magazines that continued to be published in the 60s and 70s such as Cracked and Sick, but the comics collected in this volume were imitations of the MAD comic book, not the magazine, and virtually unknown among all but the most die hard collectors. For the first time, Fantagraphics is collecting the best of these comics in an unprecedented collection.

The Pelican Motel Penny Gumbert, 2016-07-11. Four hurricanes have swept through Florida with devastating effect. Reconstruction isn't so simple when insurance companies and homeowners disagree about liability and time lines. Workers from out of state add to the confusion as do the politicians' sweeping statements. Most of the action of the novel takes place at the Pelican Motel where a disparate group of people have gathered. Will they get a second chance at a happy ending? Will the wealthy matron in the northeast who has links with this motel survive her stalker? And what is her secret? The collection of short stories continues the theme of second chances. Will the wedding at the lake mend the past? Was the one night stand worth it? Was the drowning an accident or a wrong righted? What would you do if you had a second chance?

Giggling Idiots Galore, 2013-12-29. These twenty of the funniest stories on the face of the Earth will keep you laughing.

and that translation like musical performance deserves high respect as a creative act In his view literary translation is the art of making subtle trades in which one sometimes loses and sometimes gains often both losing and gaining at the same time This view implies that there is no reason a translation cannot be as good as the original work and that the result inevitably bears the stamp of the translator much as a musical performance inevitably bears the stamp of its artists Both a companion to the beloved Sagan novel and a singular meditation on translation Translator Trader is a witty and intimate exploration of words ideas communication creation and faithfulness
