Cybernetic Capitalism Jan Overwijk, 2025-01-07 This book offers a conceptual interrogation of how capital navigates its cybernetic environment Taking an immanent perspective the book develops a unique synthesis between Niklas Luhmann s systems theory and the critical theory tradition Overwijk shows how neoliberal capitalism s version of rationalization depends on the organization and management of society on the basis of cybernetic principles Overwijk seeks to update earlier critiques of cybernetic capitalism that stressed the system s colonization of its environment its making the entirety of social life communicable Under today s cybernetic rationalization things are radically different Neoliberal political economy aims to incite the incalculability of the market platform capitalists venture to capitalize on the unpredictable efforts of their users and post Fordist management seeks to encourage the creativity of service workers As this book uniquely shows capital no longer aims at total communicability but instead seeks to provoke and exploit the incommunicability of its environment In this sense it offers an ecological theory of capitalism laying conceptual the groundwork for understanding the extractivist logic of the Anthropocene Cybernetic Capitalism shows how the cultural obsession with incommunicability that animates cybernetic rationalization has taken an irrationalist turn resurfacing in the mysticism of conspiracy theory and radical right politics The book offers a novel and compelling materialist interpretation of today s paradoxical connections between neoliberal rationalism and radical right irrationalism

The End of All Things is at Hand Jack Pyle, 2018-10-17 One hundred twenty six million American citizens have stated they believe Jesus will return to this earth by 2050 Most of them await his arrival with mental pictures and images obtained from the blockbuster Left Behind series of books of LaHaye and Jenkins or Hal Lindsey s portrayals in his book The Late Great Planet Earth Both books are fictional images of the end of the world created from the nightmarish and ghoulish descriptions of the author of the book of Revelation who wrote of events he believed were to occur in the Roman world before the return of Jesus It was to be a time of unimaginable horrors to come upon the world We read daily of alleged apocalyptic signs occurring now which individuals believe point to the end of the age of which Jesus spoke When one reads in detail the book of Revelation before the Prince of Peace sets a foot on planet earth it will be a smoking mess resulting from plague after plague that Jesus heaps upon earth s citizenry before his arrival Jesus is shown to arrive on earth much like that of the Dragon Lady in the Game of Thrones heaping fire and brimstone upon the ecology of the earth and its inhabitants He wears a garment dipped in blood This book is a bold walk through the Bible from beginning to end asserting that occupants of our planet are never going to ever see the arrival of the characters portrayed in the prophetic books of the Old Testament nor John s already outdated visions on the isle of Patmos World renowned bible scholars and theologians now tell us that Jesus believed the kingdom of God was to arrive on earth in his day and that the kingdom of God would be ushered into the world through his work and ministry to the nation of Israel You will be introduced throughout to the Jesus of the Third Questa Jesus who is only understood by understanding the Judaic world in which he lived He would have been potty trained like any normal Jewish child of his day Jesus it will be shown obtained all his beliefs from his family his synagogue his community and his society This book will open your eyes to Jesus of the third quest He was very human capable of mistakes and badly mistaken about the arrival of the kingdom of God Christians generally think of Jesus being incapable of error possessing omniscience and omnipotence and having prior existence as God wholly man and wholly God as did the author Third quest scholars and theologians tell us Jesus didn t see beyond the world in which he lived Jesus expected to rule on earth in his day along with the twelve apostles Most likely Jesus died feeling he was forsaken by God in what he set out to do Of Jesus disputed last words on the cross the most reasonable choice may well be those of Matthew s gospel Eli Eli lama sabachthani My God my God Why have you forsaken me
